78th Year—92

Eichmann Hears Own Words in Israeli Trial

Recording Reveals Ex-Gestapo Chief 'Ready to Atone'

JERUSALEM (AP)—In his own words replayed today from a tape recording, Adolf Eichmann said he expects the death penalty and is "ready to atone."

"I know that I can expect the death sentence and I don't ask for clemency," the former Gestapo colonel told Israeli police who questioned him after his capture in Argentina last year.

"I cannot claim mercy because I know I am not worthy of it," Eichmann said in the statement, which was recorded in June 1960.

In support of its charges that Eichmann was the operational director of the Nazi plan to exterminate Europe's Jews, the prosecution began replaying extended excerpts from 77 cartons of tape recordings of the pretrial interrogation.

His voice echoing hoarsely through the Jerusalem courtroom while he himself sat listening in the prisoner's dock, Eichmann said that before his death he would like to write a book. He said he wanted the younger generation to know what happened in Nazi Germany and the reasons for it.

Eichmann said he had been told in January 1960 that "I would be brought to trial and that I would not live beyond my 56th year."

He is 55 now. He did not identify the prophet.

"The first part of this prophecy already has come to pass," he said in the recorded statement.

"This case finds me in complete readiness and without any regard for my personality to tell everything that I know."

"I have always been accustomed to discipline from my childhood right through 1945—unreserved discipline."

"I knew what disobedience would have meant for me. But matters of planning until 1945 were not handed to me at any time during the preceding 10 years. I was in a lower rank than the policy makers and planners."

"I cannot claim that I had clean hands. Those who planned and gave instructions, however, (Continued on Page 2)

Lancaster Fire Truck Order OK'd

COLUMBUS, Ohio (AP)—An order for Safety - Service Director Russell Evans of Lancaster to purchase a \$42,000 aerial ladder was upheld by the Ohio Supreme Court today.

The 5-1 decision affirmed a writ of mandamus obtained by City Solicitor John T. Huddle in a much-publicized dispute.

Evans refused to buy the equipment on grounds that a 1953 ordinance set a maximum price of \$35,000. He contended that later ordinances setting a higher maximum constituted an encroachment by city council on his executive powers.

But the high court said city council had the power to authorize ordinance specifications in the absence of a statute giving the safety service director specific power to write detailed specifications into purchase contracts.

Death Chamber Revisited-Nausea Still Lingers There

EDITORS NOTE: The following story combines the account of the visit of the House Judiciary Committee to Ohio Penitentiary's "death house" with the recollections of a veteran newsman of events there.

By ART PARKS
COLUMBUS, Ohio (AP)—I have just revisited a place where they kill people legally. It is the "death house" in Ohio Penitentiary.

I had been away—as far away as possible—from the little red-brick building for more than 10 years.

But I went back to hear the comments of members of the Ohio House Judiciary Committee as

Kennedy Warning To Khrush on Cuba Is Straight, Blunt

WASHINGTON (AP)—President Kennedy has fired a straight from the shoulder warning to Soviet Premier Khrushchev to keep hands off Cuba.

Kennedy made it clear in a message to the Soviet leader Tuesday night that the United States will take immediate steps to counter any military intervention by outside force in the Cuban fighting.

The President declared moral support for the "Cuban patriots in their struggle for freedom" and said again that the United States intends no military intervention.

As Kremlin reaction to Kennedy's message was awaited, officials here reported no evidence of any military follow-up by Khrushchev to his threat to supply "all necessary assistance" to

Veto Expected On Roads Bill

Ohio Senate Booked To Cast Vote Today

COLUMBUS, Ohio (AP)—A bill to give local governments \$15 million more a year for road work was likely to pass the Ohio Senate today with votes to spare.

But Gov. Michael V. DiSalle is expected to veto it. And those predicting its passage today admit that the Republican majority may have a tough time finding enough additional Democratic votes to override a veto.

The bill has been the subject of strong statements, particularly from the Ohio Department of Highways. If the bill becomes law, \$15 million now withheld annually from motor vehicle license fees to help operate the Highway Safety Department would be distributed to local government like the rest of the revenue from the license tax source.

As a result, the safety department would be partially operated through money received from the gasoline tax. This is money the Highway Department presently is using and doesn't want to surrender.

Twenty votes are needed to pass a bill in the Senate and the road funds measure was expected to get 26 or 27 ayes. To override a veto, however, 23 votes are needed, and the 20 Republican senators can't be sure that at least three Democrats will oppose the Democratic governor.

The bill passed the House earlier, 109-25, and even though death of two GOP representatives has reduced the Republican margin there to 82-55, finding the necessary 84 votes to override might not be so much of a problem.

While senators are considering this and two other bills, the House has seven scheduled, including one to combat discrimination in restaurants or other public accommodations because of color, race, religion or national origin.

Backers and opponents were ready to debate on another bill for a House vote. It would allow small loan firms to lend up to \$2,000 instead of the \$1,000 present maximum. Other changes would increase earnings per \$100 loaned.

Ohio Ranks 6th in Cash Receipts For Milk

WASHINGTON (AP)—Ohio was sixth among the states in farmers' cash receipts from marketing milk and cream in 1960, the Agriculture Department reports. Ohio farmers got \$210 million of the record \$4.7 billion total for the nation, trailing Wisconsin, New York, California, Pennsylvania and Minnesota.

Cuba's pro-Communist Fidel Castro regime.

Khrushchev's threat to aid Castro came early Tuesday in a message to the White House.

In tit-for-tat on Moscow's publishing Khrushchev's note before it reached Kennedy, the White House made public Kennedy's answer at the same time Tuesday night that Secretary of State Dean Rusk gave it to Soviet Ambassador Mikhail Menshikov.

Authoritative sources said Kennedy personally devoted much time to wording his reply and conferring with advisers.

The result was a comparatively short—500 word—message sheared of usual diplomatic verbiage and using stronger terms than the restrained language Kennedy has used so far in his effort to get along with the Soviets.

Kennedy told Khrushchev:

1. The United States morally supports and will not hinder "Cuban patriots" in "their struggle for freedom" against the Castro government.

2. While the United States "intends no military intervention in Cuba, in the event of any military intervention by outside force we will immediately honor our obligations under the inter-American system to protect this hemisphere against external aggression."

Kennedy referred, as had President Eisenhower in a similar warning to Khrushchev last summer, to the commitments by the American republics under the Rio de Janeiro Pact to act together against any move by an outside power endangering peace in the hemisphere.

3. Rather than using the Cuban situation as a pretext "to inflame other areas of the world," Moscow should join in present opportunities for peace in Laos and the Congo and for agreeing to a ban on atomic tests.

4. Contrary to Khrushchev's claim that communism is the inevitable wave of the future, "the great revolution in the history of man past, present and future, is the revolution of those determined to be free."

"What your government believes is its own business," Kennedy said. "What it does in the world is the world's business."

Kennedy's note made no mention of the rock-throwing demonstrators who broke windows of the American Embassy in Moscow Thursday.

Washington officials said the embassy had authority to protest on the spot if it decided the facts warranted.

For the third day in a row, the administration kept a tight lid on its intelligence estimates of what is going on inside Cuba. Many authorities said they were depending on news accounts—confusing as they are—for their information on the fighting.

Kennedy, Solons Dance Carefree

WASHINGTON (AP)—President Kennedy and members of Congress put the cares of the Cuban crisis aside Tuesday night for one of the gayest parties the White House has known in some time.

About 1200 guests danced in the huge East Ballroom until the strains of "Good Night Sweetheart" ended the party at 12:30 a. m.—a half hour later than scheduled.

President and Mrs. Kennedy led off the dancing to the tune "Mr. Wonderful" with Vice President and Mrs. Lyndon B. Johnson joining them in a space cleared by aides.

Kennedy, even while dancing, had to pause to shake hands with some of his former Senate colleagues. He and his wife were constantly surrounded by a crush of greeters.

Invader Units, Guerrillas Join Forces inside Cuba

U.S. EMBASSY BESIEGED — A howling mob of demonstrators besieges the U.S. Embassy in Moscow in a six-hour rock-throwing protest over the invasion of Cuba.

Pontius Lane Assessments Approved by City Council

Circleville Council last night passed an ordinance to levy special assessments for the improvements of property situated on and adjacent to Pontius Lane.

Construction of curbs, gutters and storm sewers was completed in the area about 1½ years ago. According to an assessment equalizing board appointed by Council, the work was finished at a cost of \$17,165.

The ordinance was passed on its first reading after the solons voted a suspension of rules. The measure received a 7-0 affirmative vote.

The ordinance provides that the total assessment against each lot or parcel of land shall be payable in cash within 30 days or, at the option of the owner, in 10 annual installments with interest at the same rate as bonds issued for the project. All cash payments are to be made to the city treasurer.

SECTION No. 2 of the ordinance states that all assessments and installments remaining unpaid at the expiration of 30 days shall be certified by the clerk of council to the county auditor, as provided by law, to be placed on the tax duplicate and collected as taxes.

Following passage of the measure, the lawmakers aired the possibilities of paving Griner Ave., located in the same area. According to prior plans, the avenue is included on the current paving program.

The demonstrators, mostly from Antioch College at Yellow Springs, marched in front of the capitol for several hours, carrying pro-Castro signs and placards.

The pickets, numbering about 50, included about 10 students from Ohio State University. Spokesmen said the demonstration was done on the spur of the moment and not organized.

Gov. Michael V. DiSalle told newsmen the demonstrators made no effort to contact him. He said he would do nothing about the demonstration, but remarked: "I hope things keep going badly for Castro."

The students distributed a two-page mimeographed statement signed "Fair Play for Cuba Committee, Antioch Chapter." A spokesman said this is a nationally organized group headquartered in New York.

No violence occurred as about 100 spectators, many of them state officials and office workers, watched the demonstration. Three youthful passers - by made anti-Castro signs and picketed the demonstrators.

hearty and have been carried out dead.

In the background I could hear Koblenz doing a careful, elementary explanation of how the chair works its deadly task.

Strangely, I remembered it all perfectly. It is nothing in the room itself that makes everything in it so memorable; it is what happens there.

Suddenly, I had the feeling that I was a kid again—a green, 21-year-old reporter of a quarter-century ago—who only a few hours previously had heard his city editor assign him to cover his first election.

The assignment had been a shock. I had never even heard

U.N. Assembly Expected To Shun Red Plea

No Condemnation Of America Expected In World Group

UNITED NATIONS, N.Y. (AP)—The U.N. General Assembly is expected to reject a demand by the Soviet Union that it condemn the United States as an aggressor masterminding the invasion of Cuba.

The assembly instead is believed certain to adopt a rival proposal by seven Latin American nations appealing to all U.N. members to refrain from any action that might aggravate existing tensions.

The Soviet proposal, introduced Tuesday night by Deputy Foreign Minister Valerian Zorin after a new assault on the United States in the assembly's 99-nation political committee, calls for cessation of all assistance to the forces invading Cuba and urges U.N. members to give aid to Fidel Castro.

The Latin American resolution was expected to win wide support from member states openly concerned over President Kennedy's warning to Soviet Premier Khrushchev that the United States would take action if the Soviets intervene militarily in Cuba.

Kennedy's warning was read to the committee by chief U.S. delegate Adlai E. Stevenson, who delivered a blistering attack on the Castro government and rejected its charges against the United States.

Stevenson declared that Cuban Foreign Minister Raul Roa had not presented one shred of evidence to support his claims that the invasion Monday had been launched from Florida. Stevenson said Roa and the Soviet bloc representatives had reached a new low in trying to smear the United States with every innuendo and epithet in the book.

He called for a settlement of the Cuban situation by Cubans themselves and denied that the United States had played a role in the invasion.

Space Agency Fires Sodium Cloud Aloft

WASHINGTON (AP)—The National Aeronautics and Space Administration fired a sodium cloud 102 miles into the air above the Atlantic Ocean today in an effort to measure wind conditions.

The shot at 4:36 a.m. from the Wallops Island, Va., test center was made by a two-stage Nike-Asp rocket carrying aluminum thermite and sodium pellets.

The sodium cloud was ejected at 33 miles and floated a bright orange-yellow cloud up to 102 miles in the air.

NASA officials said the shot went perfectly, although the cloud was visible only about 10 minutes. Previous sodium clouds have lasted 15 minutes or more and some have been visible for hundreds of miles along the Atlantic seaboard.

2,700 Aides Laid Off

CLEVELAND (AP)—General Motors Corp. has laid off 2,700 hourly workers at its Chevrolet transmission plant in Parma.

American Pilot Reported Downed

By THE ASSOCIATED PRESS

Invasion forces have linked up with guerrillas in the Escambray Mountains of central Cuba and completed the first phase of their drive to topple Fidel Castro, Cuban exiles reported today.

Rebel planes struck at Havana and Cuban air force headquarters. Cuba's radio said four planes were shot down, one of them a North American military aircraft piloted by an American who was killed.

Cuban Foreign Minister Raul Roa told the United Nations: "This is another proof of the direct participation of the U.S. government in its mercenary action against Cuba."

Trouble appeared brewing at the Plaza de Guanabo naval base 25 miles east of Havana. Castro's radio said intense firing had broken out there, but gave no explanation.

The linkup of the invaders and guerrillas in the old revolutionary battleground of Escambray was reported by the Cuban Revolutionary Council in New York.

Guerrillas in the mountains have been holding out despite months of attempts by Castro's army and people's militia to dislodge them. They once numbered up to 5,000 men but how many remain is unknown.

The invasion force landed on swampy beaches Monday about 80 miles west of the Escambray Mountains.

Reporting the linkup, a communique from the Revolutionary Council said "numerous elements" of the invasion force joined up with mountain groups north of Cienfuegos, site of a Cuban naval base. It said they completed the movement thanks to the holding action of additional guerrilla units that infiltrated Matanzas Province and held off "Soviet tanks, artillery and aircraft during the last 20 hours."

The Cuban radio identified the dead American flier as Leo Francis Bell of Boston.

The commander of the U. S. Naval Base at Guantanamo, in southeastern Cuba, said earlier that none of his planes have participated in the fighting.

The broadcast gave no military data about Bell and mentioned only his Social Security number.

The radio reported a twin-engine B26 dropped a bomb on the air force headquarters at San Antonio de los Baños, 25 miles from Havana, then wounded three persons in a strafing run on Havana.

A diplomat in Havana reported a plane that swept over Havana was met by heavy anti-aircraft fire. He mentioned no strafing. A Cuban rebel radio station on Swan Island off Guatemala claimed Havana was bombed twice by three planes. It asserted one of the planes attacked Camp Libertad, army headquarters on Havana's outskirts.

The diplomat talked by telephone with an Associated Press correspondent at the big U. S. naval base on Guantanamo Bay in eastern Cuba.

He said the plane passed over the city at 8:15 p.m. Tuesday but otherwise "all is quiet for the present." He had no information about the situation elsewhere in Cuba. The situation was quiet around the naval base.

There was little news on the progress of the invasion force on the coastal front southeast and east of Havana.

The government put its firing squads to work, sending two Americans to their deaths. The Castro radio said five men who landed in Pinar del Rio Province of western Cuba to join the rebels were executed, and another group of four was shot for transporting weapons.

In the first group was August Jack McNair of Miami, Fla. The broadcast said the second group included Howard F. Anderson, a Havana resident from Seattle, Wash., an ex-Marine who once was the commander of Havana's American Legion post. He was arrested last month.

A Cuban broadcast denied rebel claims of new landings in northern Matanzas and Oriente Province and said an attack against the Isle of Pines had failed. Rebel leaders had asserted earlier this week that the prison island off the south coast had fallen and its 10,000 political prisoners had joined the insurgents.

Word from Havana to Guantanamo Bay indicates that Robert Berrellez, correspondent for the Associated Press, has been under arrest for three days.

A diplomat in Havana said by telephone that Harold K. Mills, stationed at Havana as chief of the AP's Caribbean services, was free as of 11 p.m. Tuesday.

A dispatch to the New York Times from Guantanamo said the Times' Havana correspondent, Mrs. R. Hart Phillips, was not accounted for. Harry Raymond of United Press International was reported under arrest. Richard Valeriani of NBC, formerly of the AP Havana staff, was said to have taken refuge in the Italian Embassy.

All American correspondents in Havana have been unable to transmit news since about 4 a.m. Monday.

Information on the progress of the invasion and Castro's defense against it continued sketchy, with neither the government nor the rebel command announcing much bad communications with Western newsmen in Havana still cut.

The Cuban government radio said fight is continuing in Las Villas Province, where the rebels are believed to have made their main invasion stab.

A correspondent for the Yugoslav newspaper Politika reported from Havana that an invasion force of about 5,000, "armed with tanks and guns, light arms of American production and under protection of airplanes are now without success trying to broaden the original bridgehead in the province of Las Villas, on the southern coast of Cuba."

The Communist correspondent said the invaders captured a village Monday night "but the Fidel forces have reclaimed it in a counterattack, so that the attacking forces are in retreat back at the disembarkation point."

(continued on Page 18)
Inauguration Labeled As Financial Success

WASHINGTON (AP)—Despite a snowstorm and traffic jams, President Kennedy's inauguration was a financial success.

Inaugural chairman Edward H. Foley said today that 540 checks totaling \$1,236,352 are being mailed to individuals and business firms who underwrote the celebration's expenses. Every dollar, he said, is being returned.

Death Chamber Revisited-Nausea Still Lingers There

with the gallows and the gas chamber.

Even the firing squad has a certain dignity about it.

But when you lead a man into a little room and force him to sit down . . . that sitting down is the worst of it.

That is the final craven act.

This chap, though, had different ideas. He had religion, acquired in prison. He had persuaded himself through a last-ditch study of Scripture that he was immortal, that he had a mission which electricity could not snuff out.

For 23 minutes, the young fellow stood before the chair to expound his theory. His fanatic (Continued on Page 2)

Ashville Eyes Jaycees Unit

Local Chamber Plans Open Meet Thursday

The possibility of a new Junior Chamber of Commerce organization in Ashville will be a main topic for discussion at an open meeting of the Circleville Jaycees here Thursday.

The meeting will start at 8 p. m. in the Jaycees Club Rooms, S. Court St.

According to local Jaycees, many young men from Ashville have expressed interest in forming a Junior Chamber unit there. Several are expected to be present at the open meeting.

Circleville Jaycees are slated to explain various phases of their own operations, including community and membership benefits and membership requirements. A question and answer period will follow.

Richard Koch is extension chairman for the Circleville Jaycees. He pointed out that the Junior Chamber of Commerce is a civic organization whose membership is open to all young men between the ages of 21 and 35.

Car Hits 100 Mph., Then Tree; 2 Killed

PAINESVILLE, Ohio (AP)—Sheriff's deputies said the car in which two North Madison men were killed was going about 100 miles an hour when it smashed into a big tree three miles east of here Tuesday.

The body of William H. Walker, 29, was found in the trunk. Lake County sheriff's deputies said the impact had hurled Walker from the front seat and through the rear seat cushions.

Robert R. Billson, 29, was thrown 52 feet from the impact point.

Deputy Sheriff Tal Divan, who chased the speeding car, said the wrecked car's speedometer had stuck at 102 m.p.h.

MARKETS

CIRCLEVILLE HOG MARKETS
Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

UNITED NATIONS—Soviet Union demands General Assembly condemn United States as aggressor directing Cuban invasion. Assembly expected to adopt mild Latin-American proposal calling on all nations not to do anything that might aggravate tensions.

GUANTANAMO — U.S. commander denies Cuban charges invaders came from Guantanamo; says 10 or 11 U.S. destroyers on call and fighter planes ready if needed. No fighting reported nearby.

Carroll, Brown Give Addresses at Bible College

Dr. Ray Carroll, 939 Circle Drive and James Brown principal at Jackson Twp. High School, were guest speakers this week at the Circleville Bible College.

Dr. Carroll addressed a class in abnormal psychology on the subject of hypnotism. His remarks included a summary of the various levels and a demonstration of the technique. The psychology class is under the direction of Wayne Reno.

Brown addressed an education class at the local school. His talk was in connection with the addition of a class on the Introduction to Education, which again is being taught by Reno.

Brown's talk was primarily on secondary education. He outlined the certification requirements as well as requirements in ability, scholarship and continued preparation.

Banks Receive Calls

WASHINGTON (AP) — The comptroller of the currency today issued a call for a statement of the condition of all national banks at the close of business Wednesday, April 12. A similar call was issued for state banks in Ohio.

Eichmann Hears

(Continued from Page 1)
got off cheaply by suicide. Others are now dying or are not to be found.

"I know I should have hanged myself in public so that all the anti-Semites in the world would have had these terrible events stressed for them."

Eichmann pictured himself as a man who recoiled from the sight of blood and nearly fainted when he was forced to witness Jews being gassed to death in the Nazi extermination camps.

"I couldn't look. I tried to avert my eyes from the sight. I was too appalled to look," he said in describing his reactions the first time he saw Jews put to death.

Eichmann also said:
1. The order for the physical extermination of the Jews during World War II came directly from Adolf Hitler. They were transmitted to him, he said, by Reinhard Heydrich chief of the security police of Nazi Germany.
2. He protested to his immediate superior, SS Gen. Heinrich Mueller, and others, that execution was not the way to resolve "the Jewish problem."
3. He begged Mueller not to send him to the death camps for further reports. He said that when he did go, he saw as little as possible.

Local Couple Cited Here in Neglect Case

A Circleville couple appeared in Pickaway County Juvenile Court yesterday on charges of neglecting a new born baby.

Glen and Virginia Warmsey, Weldon Ave., were sentenced to one year in the county jail by Judge Guy Cline. The sentence was suspended and the couple was placed on probation for three years.

According to Judge Cline, the baby was born in September 1960, and was neglected to the extent that the child was suffering from severe malnutrition which required extended hospitalization at the county's expense.

Judge Cline said the baby weighed only 2 1/2 pounds when admitted to the hospital in September.

THE court awarded the child, now 7-months-old, to the temporary custody of the Child Welfare Board yesterday to avoid a recurrence of the situation.

A Williamsport couple appeared in the court today on a similar charge.

Ernest and Arvela Garrett, were placed on three-years-probation on charges of neglecting their six minor children.

Ralph Starkey, probation officer, reported that the couple failed to exercise proper parental care and control of the children.

6 Reservists Killed
FALLON, Nev. (AP)—Six naval reservists from Michigan were killed and 12 injured when a Navy transport plane crashed on take-off from Fallon Naval Air Auxiliary Station Tuesday.

Deaths

ELIZABETH MAE McNEAL Elizabeth Mae McNeal, infant daughter of Marian and Frances Kiser McNeal, Scioto Twp., died at 11 a. m. today in Berger Hospital.

The infant was born Sunday in Berger Hospital.

Survivors, in addition to the parents, include three sisters: Mrs. Shirley Martindale, Darbyville; Joann and Mary Margaret, both of the home; five brothers, Marian Jr., Carl, and Kenneth, all of the home; Frank, Grove City; and Ronald, Darbyville.

Arrangements are being completed by the Defenbaugh Funeral Home.

Old-Fashioned Phone Lost in Loudonville

COLUMBUS, Ohio (AP)—Robert Thompson of Loudonville has lost his battle to keep his old-fashioned, manually operated telephone in the Loudonville exchange of the Ohio Northern Telephone Co.

The company had switched 1,655 telephones in the exchange to dial service last December — all but one in Thompson's home. He had refused to give it up.

The company then applied to the Utilities Commission for permission to remove the telephone, and Thompson in turn applied for a hearing. That hearing was held in February, and now the commission has ruled in favor of the company. The firm will remove the old telephone.

Thompson argued his own case at the hearing, charging the company with "bad taste, bad faith and bad conduct." He had hoped to force what he called better telephone service by retaining the old manually operated phone.

The company had claimed that to keep that one old telephone in service would require it to use two trunk lines and route all calls through the Ashland exchange 22 miles away, and that it would cost \$1,500 annually in addition to operating expenses.

Thompson retains the right to appeal the decision of the commission.

Stock Mart Continues on Sharp Decline

NEW YORK (AP)—The stock market continued to decline sharply today amid a touchy international situation and some technical uncertainties about the market itself. Trading was active. The Associated Press average of 60 stocks at noon was down 1.80 at 243.40 with industrials off 3.40, rails off .20 and utilities off .60.

Aircraft-missile stocks started to rally in typical "war scare" fashion while the rest of the list declined.

Declines of fractions to more than a point among key stocks were the general rule while an assortment of stocks took considerably larger losses.

Kerr-McGee Oil continued to back away from recent big gains, losing more than 3 points. Union Carbide, Zenith and Allied Chemical fell about 2 apiece.

Lockheed gained about 2 points and Boeing more than a point. Martin Co. and Douglas Aircraft added fractions.

Oils fell back, Texaco and Standard Oil (New Jersey) more than a point.

Down more than a point were such stocks as American Telephone, Kennecott, Johns-Manville, U.S. Rubber, Chrysler and Ford.

The Dow Jones industrial average at noon was off 5.85 at 684.75. Corporate bonds were irregularly lower. U.S. government bonds showed slight change.

Gray whales, which sometimes grow to a length of 50 feet, have been observed sunning themselves at ebb tide in only two feet of water.

Death . . .

(Continued from Page 1)
harangue was spurred, also, by one final wish:

He just wished to avoid the final debasement—the final act—of sitting down.

Through the entire 23 minutes, the spectators suffered. But finally, as with all things, it ended. He sat down.

Quickly the restraining irons were snapped on arms and legs. The electrodes were applied to leg and shaved head. Then the electricity—1,975 of volts of it—came coursing into the boy's body at the cane-tap signal of Warden James Woodard.

The already - unconscious body leaped forward, but the restraining irons held it. The mask on the face slipped a little askew. Galvanized by the electrical shock, the body continued to strain against the irons.

I closed my eyes and kept them closed.

The odor was coming now, despite the efforts of exhaust fans. Burning flesh has exactly the same odor as that of a horse's hoof when a blacksmith applies a red-hot shoe.

You can live a thousand years and not forget it. For days afterward, you continue to smell it. You can bathe, shampoo, change clothes—it is still in your nostrils. You can steel yourself by asking yourself silently: "This fellow killed another man—what mercy did he show?"

The current was shut off. The dead body sagged. The surgeon gingerly approached the body with its rapidly bluing skin. He listened at the chest, then recited dully: "Sufficient electricity has passed through this man's body to cause death at 8:11 p.m."

That was all. We trooped out of the death house knowing full well that the boy, despite his harangue, was not coming back to life.

That was the last electrocution I ever actually saw.

I have been assigned to report many others, but I never really saw another. My employers will forgive me, I hope.

I learned what I needed to know on the first one. When you see the warden start to tap his cane, close your eyes.

Those three drinks didn't stop the pain, but they helped. Then I wrote my story and a very understanding young lady sent me home in a taxi.

She seemed not to notice that I reeked of death.

DEFENSE ATTORNEY — Adolf Eichmann's defense attorney, Robert Servatius, has to show his pass to a security guard before being permitted to enter the court in Jerusalem for another session of Eichmann's trial. (Radiofoto)

Rebels Accomplish One Thing: They Get on Castro's Nerves

By WILLIAM L. RYAN
Associated Press News Analyst
MIAMI, Fla. (AP)—Cuban anti-Castro rebels can claim one victory today. Their activities have given the Castro regime a bad case of frayed nerves.

It is clear from the sparse reports from the embattled island that the regime is taking desperate measures to prevent the fever of revolt from spreading among Cubans.

That would be according to the rebel plan. It means there is some hope for the ultimate success of the invasion if the pre-

liminary landings at various points on the island are followed up by other stabs intended to keep the Castro regime constantly off balance.

Nuisance air strikes, infiltrations and appeals to the anti-Castro underground have caused the regime to turn to terror tactics in its fear of the enemy within.

Obviously the Castro government is attempting to round up and eliminate all possible internal enemies. The effort bespeaks fear that the rebels will accomplish one of their main purposes, to lure defectors to the rebel cause and rally a large sector of the Cuban people to the anti-Castro banner.

The invaders already are battling against fearful odds but, in one respect, they have the initiative. They are the attackers and they choose the time and place for the attacks.

If the invaders make significant progress, there will be indications of it in a wave of sabotage by the underground inside Cuba, such as attacks on electric power installations, communications and other nerve centers.

There has been and still is fear that the invasion may have been triggered ahead of time and have exposed too many of Castro's potential underground to his police state forces. But even if that is the case, the Castro regime still is in deep trouble, and its activities in the last 24 hours give strong evidence of it.

FB Women Discuss Tour To Cincinnati

The Women's Committee of the Pickaway County Farm Bureau met Monday at the Farm Bureau Home. Mrs. Dorsey Bumgarner, Chairman, presided over the meeting which included a discussion on a coming yearly tour.

The yearly tour date was set for May 4. The bus will leave Circleville at 7 p. m. for Cincinnati and a tour will be made at Streitman's Bakery and Procter and Gamble. The group will return home in the evening.

Spokesmen said reservations must be in the Farm Bureau Office by April 28. This Tour is open to all Farm Bureau Women and friends.

The Summer Meeting will be August 5 at the Logan Elm School. Program for the evening will include the 25th Anniversary of Advisory Councils and a Youth Talent Contest. All Advisory Councils are asked to be represented on the program by a couple dressed as they would have been 25 years ago. . . .

A CAKE Contest will be conducted and each council is asked to enter two cakes in the contest.

Mrs. Bumgarner commented on the interest members and Councils were taking in the School for Retarded Children. She also commended the ladies who helped serve coffee and cookies at the Landmark Open House.

Others present were Mrs. Harold Fisher, Mrs. Willard England, Mrs. Michael Torchick, Mrs. Russell Yapple, Miss Mary Shortridge, Mrs. H a r r y Smith, Mrs. Pauline Costlow, Miss Mary Clark, Mrs. Anna H e d g e s, Mrs. Herman Berger, Miss Gladys Vause, Mrs. E t h e l Seigel, Miss Ethel Brobst and Paul Northup, organization director of Pickaway County Farm Bureau.

GE Official Tells Probers How 3 Firms Rigged Bids

WASHINGTON (AP) — A General Electric Co. official testified Tuesday that representatives of three domestic producers of large steam turbine generators rigged bids on the multimillion-dollar equipment at meetings between 1951 and 1959.

John Peters, 42, of Schenectady, N. Y., a market research specialist for General Electric, told Senate investigators that the other companies whose representatives participated in the meetings were the Westinghouse Electric Corp. and Allis-Chalmers.

Sen. Estes Kefauver, D-Tenn., chairman of the Senate Antitrust and Monopoly subcommittee, asked him if the purpose was to divide up the market for the generators.

"Occasionally that took place," Peters replied. He said that "if a job was coming up, there would be a discussion of who would have the position."

Peters said that by that he meant "which supplier would quote the lowest price — which would be the market level." The other producers, he said, would quote a higher price on the job.

He estimated, however, that at these meetings, which usually took place in New York City, "less than 10 per cent of all the jobs were discussed."

And Peters said that the company that bid the lowest didn't necessarily get the business because the utilities buying the generators evaluated many factors other than price.

He said that General Electric,

even when it quoted a higher price than one of its two competitors, very frequently was successful in getting the order.

On a 300,000-kilowatt generator, he explained, a 1 per cent difference in efficiency would be worth \$400,000 to \$500,000 in price and more than offset a lower bid.

Peters also told the subcommittee that bid prices did not always stand up, that they were subject to adjustment.

Kefauver asked what the purpose of the meetings was if factors other than price entered into the competition.

"I've asked myself that many times," Peters replied.

The subcommittee is investigating price-fixing by major electrical equipment manufacturers who were fined nearly \$2 million by a federal judge in Philadelphia two months ago. Seven individuals were jailed for 30 days.

Peters testified that four to six meetings a year were held on the average, but that often there was no discussion of prices and at other times no conclusions were reached.

He said he first started attending the meetings in 1951 and assumed they had been going on before that.

But he said that in 1959 his superior, C. A. Lilly Jr., "decided we should not continue this arrangement and it was discontinued at that time."

Peters said large steam turbine generators cost from \$2 million to \$19 million, and that there are about 100 purchasers for them, mostly private utilities.

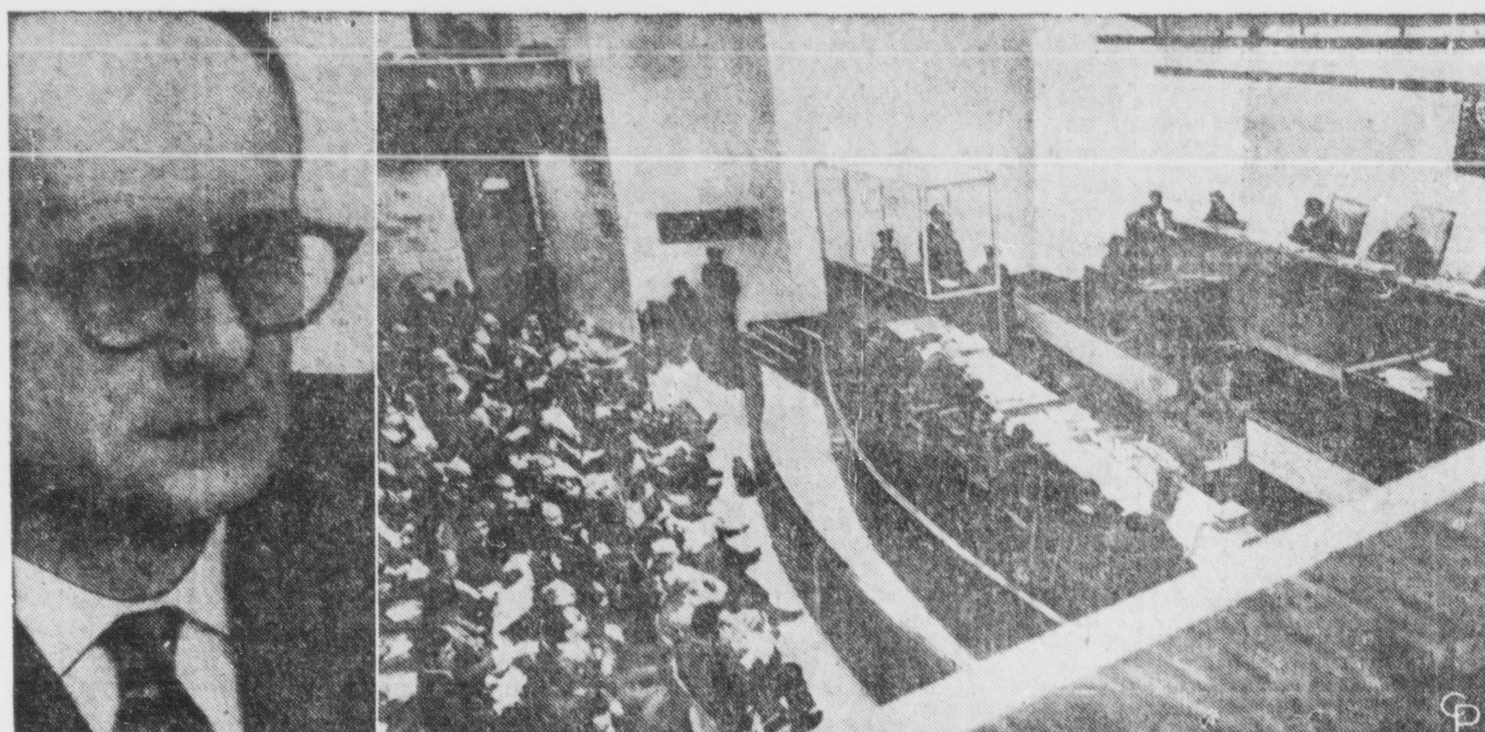

School Board Tax Ruling Is Detailed

COLUMBUS, Ohio (AP) — Municipalities lack authority to waive special assessments against real property of a board of education, Atty. Gen. Mark McElroy ruled today.

The opinion went to Prosecutor John D. Sears Jr. of Crawford County.

Sears asked whether the city of Crestline could waive special assessments against some property owned by the Crestline Exempted School District.

"The legislative authority (of a municipality) has no power to alter or cancel special assessments appearing in the tax lists even when the motivation is apparently only one of good will towards a local school district," McElroy said. He explained that special assessments could not be waived after being certified to the county auditor.

U.S. Sends In Fund To Pay Ohio's Idle

COLUMBUS, Ohio (AP) — State Treasurer Joseph T. Ferguson has reported receipts of \$11,750,000 from the federal government to start payment of extended jobless benefits to Ohioans Wednesday.

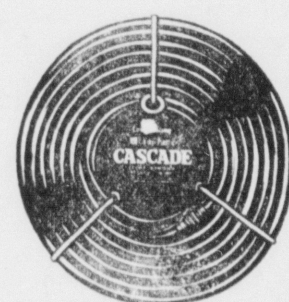

He estimated Ohioans would receive about \$85 million in benefits under the temporary program. The share paid by Ohio employers, he said, will exceed \$62 million.

About 50,000 Ohioans exhausting their regular 26 weeks of jobless benefits will be entitled to an additional 13 weeks under the extension recently enacted by Congress.

Medical Excerpts

BY
S. H. Dennis

COLD HANDS? COLD FEET?

QUESTION: My hands and feet are often cold and clammy. Is this due to nervousness? Can special treatment help?

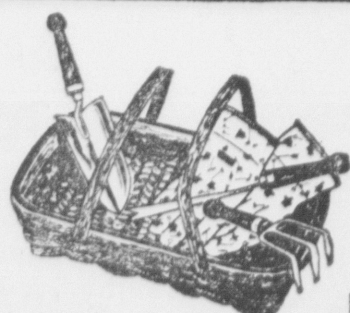

ANSWER: Nervousness may be responsible for cold hands and feet but it is not the only possibility. Over activity of the sympathetic nervous system, which controls widening or narrowing of smaller blood vessels, occurs in many nervous individuals. Under tension, the nerves of such people cause narrowing of these vessels, and this is especially noticeable in the extremities. With a decreased blood supply, the hands and feet will feel colder. Treatments are available for the nervousness, as well as medication to relieve narrowing of blood vessels. Talk this over with your physician. Follow his advice. You can be helped.

QUESTION: An eye specialist found I have a beginning cataract. He gave me some eye drops and I see much better. Is it clearing up or is an operation necessary?

ANSWER: In all probability, medication is causing the pupil to dilate. Dilation of the pupil will improve vision temporarily when clouding of the central part of the lens begins. When the pupil is dilated, the outer part of the lens is available for the passage of light. In dark or dim light the pupil automatically becomes larger. Under these conditions patients with beginning cataract see better. As long as the lens changes do not progress, your situation will persist. If clouding continues, removal of the lens may be necessary. The cataract itself cannot be improved by medical treatment.

We wish you the greatest gift of all HEALTH! See your physician first Bring your prescriptions to us.

Junior Women's Club To Sponsor Operetta

The Circleville Junior Women's Club will sponsor the Atomic Area Operetta Guild's production of "The Pirates of Penzance", Saturday, at the Circleville High School.

The musical director is Ralph Harrison, a newcomer to the guild this year. Miss Mary Reinhardt, who has a leading role, appeared in last year's "Naughty Marietta".

Appearing opposite Miss Reinhardt, in the role of Fredrick, is Richard Kerns.

Thomas Peters of Jackson will be seen as General Stanley, Gilbert and Sullivan's "model of a modern major general."

Virgil Emmer, who will be remembered for his portrayal of "Sillas" in "Naughty Marietta", is seen this year as the police sergeant.

G. Robert Stone, of Portsmouth, whose character performances are well known, is cast as the Pirate King.

Dances are being staged by Jean Way of Waverly. Merlyn Hanson of Chillicothe is the production manager.

Mrs. Ann Wynn Grace, is once

Tickets for the operetta may be obtained from members of the Junior Women's Club.

Plains Chapter DAR To Meet At Williamsport

The annual April meeting of the Pickaway Plains Chapter, Daughters of the American Revolution will be held in the Parish House, Williamsport at 2 p. m. Tuesday.

The program will consist of National Defense, under the supervision of Miss Florence Brown, National Defense chairman, and the reports of the National Congress which was held in Washington, D. C. April 17-21 in the Memorial Continental Hall.

Members are reminded to bring their discarded nylon hose to this meeting.

Mrs. George Hamman Jr., will be chairman of the hostess committee. She will be assisted by Mrs. Charles Schleich, Mrs. Fred Tipton, Mrs. McClelland Newhouse, Mrs. Fred Corcoran, Mrs. James Greenwood, Mrs. Russell McMill, Mrs. Lee Luellen, Mrs. J. C. Jansen, Mrs. Earl Lane and Mrs. Harry McGhee.

Dawsons Host Church Group

The Young Friendship class of the Five Points Methodist Church held its April meeting in the home of Mr. and Mrs. Paul I. Dawson Saturday evening.

The meeting opened with devotionals from the "Upper Room" by Mrs. Dawson. There were eight members and four guests present.

Due to sickness in the home the secretary was absent and no report was given. The treasurers report was read and approved.

The thought for the day was given by Paul Dawson.

The class made a motion to purchase one new table and ten chairs for the church basement.

"Thank You" notes were read from Tony and Isabelle Phillips.

Mr. and Mrs. Richard Koch have moved to Chillicothe, and we are very sorry to lose them from our class.

The meeting closed with the group praying the Lord's Prayer.

A penny contest was played with Richard Everman winning the prize. The men designed hats with their wives as models.

Refreshments were served by Mr. and Mrs. Dawson.

The May meeting will be held in the home of Mr. and Mrs. Richard Phillips.

Guild 30 Slates Meeting Thursday

Berger Hospital Guild 30 will meet at 7:30 p. m. Thursday in the home of Mrs. Frank Gifford, Route 1.

Lions Auxiliary To Meet Monday

Lions Auxiliary will meet at 8 p. m. Monday, in the home of Mrs. Wes Edstrom Sr., 123 Seyfert Ave.

Women's Club Will Observe 12th Birthday

Pickaway County Women's Republican Club will observe their Twelfth Annual Birthday Luncheon Meeting at 1 p. m. Monday at the Franklin Inn.

Please telephone reservations by Thursday, to one of the following: Mrs. W. F. Gillespie, New Holland; Mrs. Bertha Porter, Williamsport; Mrs. Elmer Siegle, Ashville; Miss Lucille Blake, Lockbourne; and Mrs. J. B. Work, Circleville.

Invitations have been sent to Common Pleas Judge, William C. Ammer, Circleville; Senator Robert R. Shaw; Senator Kline L. Roberts; and Senator Richard B. Metcalf, Columbus, to attend and speak on the current legislative program.

Guest speaker will be The Honorable James A. Rhodes, State Auditor.

On Friday, April 28, officers and a number of members from the Pickaway County Republican Club will attend the Annual Spring Conference of Republican Women's Organizations, which event this year is scheduled to be held at the LaFayette Hotel in Marietta.

Garden Club Holds Meeting

Twenty five members and one guest, Mrs. Don Forger, were present at the April meeting of the Ashville Garden Club in the home of Mrs. H. M. Crites.

Mrs. Richard Hedges presided at the business session. The club voted to continue membership in the Pickaway County Historical Society.

A contribution was given to the American Cancer fund, also, to the school for exceptional children.

Mr. Michael R. Harrison from the Coca Cola Co. presented a film on the "Wonderful World" which showed scenes from the most famous landmarks of the world.

Plans were made for members to attend the Spring Regional Garden Club meeting Thursday.

It was announced that a Flower Show and Judges School Clinic to be May 3 at the Grove City Library.

The Pickaway Council of Garden Clubs will be June 1 at the Monroe Twp. School. Music is to be to the theme of the Flower Show.

The next meeting will be May 11 in the home of Mrs. William Cronley.

Friendship Night Held

Friendship night was held Tuesday when members of the Past Presidents of the Daughters of Union Veterans met in the home of Mrs. E. L. Tolbert, 160 Walnut St.

Mrs. Tolbert presided at the meeting which opened with a poem "Friendship Lane" and closed with a "Special Friend."

Mrs. C. O. Kerns arranged the program which was presented by Mrs. Frank Webbe. Poems were read by Mrs. E. A. Smith "Friendship Garden"; Mrs. James Pierce "Friendliness";

Mrs. Richard Moon "Seeing"; and Mrs. Webbe "We Must Tell Their Story".

After the program, remembrances were read from an autograph book given to Mrs. Tolbert in 1934.

Mrs. Tolbert, assisted by Mrs. Webbe, served a dessert course to the group.

Mrs. James Pierce, Route 4, will host the May meeting.

Dear Abby...

By Abigail VanBuren

The Eternal Triangle!

DEAR ABBY: A friend of ours (let's call her Sue) recently divorced her husband (let's call him Joe) and plans to marry another man (let's call him Carl), which is their business.

We women, who have been friends of Sue's, want to have a party (husbands included) to welcome Sue and Carl into our circle.

Our husbands have known Joe for many years and this is their attitude: "If you girls want to see Sue during the day, that's fine, but out of loyalty to Joe, we don't care to 'welcome Carl into our circle.' Let Sue make a new life

for herself with her new husband's friends."

Abby how can we treat Sue like this? Can we keep her friendship and snub her new husband? Or are our husbands right?

SUE'S FRIENDS
DEAR FRIENDS: If your husbands don't like Carl, and don't want him around, the husband and wife party should be off. How you "keep Sue's friendship" under such circumstances is your problem.

DEAR ABBY: I wish you would say a few words to those cheap, roving tomcats who will never take a girl out, but will go to bars and dances where girls are sitting alone and ask to take one home. They don't care what they take home so long as it's a girl. They rarely ask to dance with you or buy you a drink. They just look the girls over and take their pick.

DISGUSTED WITH TOMCATS
DEAR DISGUSTED: Girls who frequent bars and dances unescorted should not be insulted if a tomcat asks to take her home. (She can always say no.)

DEAR ABBY: How do you cure a man of running around the house in his undergarments in front of the children? I believe it is indecent, but when I bring it up my husband says I am only trying to start an argument. Our oldest child is six and she knows the difference between male and female and, in my opinion, between right and wrong better than my husband does. How can you teach a child decency and modesty when her father acts like this? I have tried every way I know. Begging, kindness and demanding. Nothing works. Please help me as this is becoming quite a problem in our home.

WIFE OF "NATURE BOY"
DEAR WIFE: I agree that children should be taught modesty and propriety by example in the home. If your husband occasionally dashes from one room to another in a state of semi-dress, don't make a big fuss about it lest you compound your problem by over-emphasizing it.

DEAR ABBY: I am a 16-year-old boy who has a problem at home. My mother and father think I am half girl. They make me do the dishes, dust the furniture, run the vacuum cleaner and mop the bathroom and kitchen floors just like a girl would do. Do you think this is work for a boy? I would not mind doing something that would use my strength and energy... but this sissy kind of housework makes me feel like a girl. I can't help it if I have no sisters. How do you feel about this?

"HALF GIRL"
DEAR "HALF": You are ALL wrong. It doesn't matter what kind of work you do as long as you lighten the burden for your mother. If you think mopping floors, vacuuming and even dusting do not require "strength and energy," there is something wrong with the way you are doing it.

Yes, Abby will answer your letter personally if you write to ABBY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

Joan Vaughan Initiated into Social Sorority

Miss Joan Emily Vaughan, a sophomore at Ohio University, was recently initiated into Phi Mu Social Sorority.

She was also elected as Public Relations Director of her chapter.

Miss Vaughan is a member of the Ohio Student Education Association YWCA, Ohio Association for Health, Physical Education and Recreation, and Canterbury Club.

A graduate of Circleville High School, she is the daughter of Mr. and Mrs. Clayton T. Vaughan of 427 Northridge Road, and is majoring in Physical Education.

Lions Elect New Officers

The Circleville Lions Club held a dinner meeting at the Wardell Party Home last night.

Election of officers highlighted the evening. James Peters was elected president; Dick Wilson, 1st vice president; Charles Smith, 2nd vice president; Harry Syers, 3rd vice president;

Clarence Radcliffe, secretary; Charles Curlett, treasurer; and W. E. Reichelderfer and Gerald Crites elected to the board of directors.

Ralph Altmeyer and Paul McKenzie will still be serving on the board. Frank Woodward Jr. is tail twister and Wes Edstrom Jr. is Lion Tamer.

Ladies night will be held May 16th with Clarence Radcliffe District Governor of 15 B installing the new officers.

Helping Hands Elect Officers

Officers were elected for the Helping Hands Club of the Second Baptist Church recently in the home of Mrs. Sam Smith, 830 Maplewood Ave.

Members discussed plans to get a coffee urn and pans for the church dining room.

Officers elected were Mrs. Charles Pritchard, president; Mrs. Stephen Bates, vice president; Mrs. Al Horn, treasurer; Mrs. Emmett Dade, program chairman; and Mrs. Sam Smith, news reporter.

The May meeting will be held in the home of Mrs. C. Smith, 826 Maplewood Dr.

Guild 27 Meets

Berger Hospital Guild 27 held their monthly meeting Monday, in the home of Mrs. Robert Monson, assisted by Mrs. William Sibbick.

Mrs. Malcolm Lawrence presided over the business meeting.

A carry-in-dinner was planned for 6 p. m. May 16, in the home of Mrs. Roger May, Route 1.

Following the work session for the bazaar refreshments were served to 15 members and a guest, Mrs. Richard Hoffman.

Guild 13 To Meet

Berger Hospital Guild 13 will meet at 7:30 p. m. Friday in the home of Mrs. Mary Welfler, Walnut Creek Pike.

Guild 21 To Meet

Mrs. E. D. Wood, Route 3, will host Berger Hospital Guild 21, at 8 p. m. Monday in her home.

Allow a baked pastry shell to cool thoroughly before adding a filling.

MISS DIANNE HUDSON

Dianne Hudson To Wed in June

Mr. and Mrs. Andrew Winell, 232 E. Mound St., announce the engagement and approaching marriage of their daughter, Dianne Hudson, to Airman 2nd class Stanley Shirey, son of Mr. and Mrs. Frank Shirey, Pittsburgh, Penn.

Miss Hudson is a graduate of Circleville High School. She is employed at the Ohio National Bank in Columbus.

Airman Shirey is a graduate of Washington Vocational High School, Pittsburgh. He is now stationed at Lockbourne.

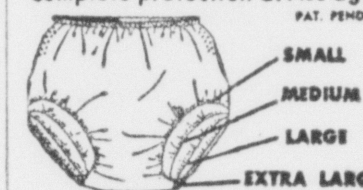

The wedding will be an event of June 16 in the First EUB Church.

Jury Returning Death Penalty Called 'Butchering Agent'

COLUMBUS, Ohio (AP)—"States that retain capital punishment are going to make juries their butchering agents," an opponent of the death penalty told the House Judiciary Committee yesterday.

Walter Reckless, Ohio State University criminologist, made the assertion at a hearing in advance of a visit by committee members to Ohio Penitentiary's death house this afternoon.

The committee is considering a series of proposals to abolish or revise Ohio's capital punishment laws.

Reckless said juries are increasingly reluctant to bring in what he called full-measure punishment verdicts.

He testified in support of an administration-backed proposal to abolish executions in Ohio's electric chair.

Other proposals under consideration by the committee would revoke the governor's pardon and commutation powers and require a separate hearing on the death penalty by juries that convict for first-degree murder.

Still another proposal would reverse the present method of requiring a death sentence. The measure would require a life sentence for first-degree murder unless a jury specifically recommended death.

Present law requires a death sentence unless a jury specifically recommends mercy.

Pickaway Grange Report

STAR GRANGE
Star Grange met in regular session Tuesday evening in the Monroe Twp. School with Worthy Master Paul Long presiding.

Mrs. Helen Schleich, secretary, read a card of appreciation from the local Red Cross Chapter. She also read a letter from the Pomona Grange secretary concerning subordinate attendance at Pomona meetings.

It was announced that a traveling gavel will be awarded to the grange with the most accumulated points during the next two years.

An announcement was also made to the effect that the sewing and baking contests would be held the first meeting in June.

The newly organized third and fourth degree team, under the direction of Harold Furniss, conferred degrees on a class of 26 candidates.

Master Paul Long presented each new member with a grange pin.

Mr. and Mrs. John F. Dowler, county deputies were present for inspection and congratulated Star Grange on the class of candidates and a job well done by the team.

The one-act play contest is scheduled to be held May 4, at 8 p. m. in the Monroe School auditorium. It was also announced that Pomona Grange will meet May 5, at 8 p. m. at Scioto Valley.

At the next regular meeting, April 25, a film on "Cancer" will be shown and all members are urged to attend.

Refreshments were served by Mr. and Mrs. Paul Long and son, Gene, Mr. and Mrs. William Neff, Mrs. Lloyd Neff, Mr. and Mrs. Shirley Anderson and daughter, Graceleen.

MT. PLEASANT
Mt. Pleasant Grange met in the Wayne Twp. School Wednesday evening with Worthy Master Lewis Dean presiding.

An appeal for aid for a patron in Scioto County was approved and contributions were made to the Cancer Fund and the Retarded Children Fund.

Mr. and Mrs. Dowler were present and Mr. Dowler inspected and gave a report on the work of the First and Second Degree team. Mrs. John Diffendal was the candidate.

A memorial service was held for Mr. Frank Collett and Mrs. Maude Bush Neal.

A "Thank You" card was read from S. J. Fischer, who was a recent hospital patient.

A letter was read by Mrs. Roy Rittinger asking the members to contact their legislative representative asking him to vote for H. B. 695 to keep the "Bob White" on the song bird list.

A letter from Miss Evelyn A. Miller, Director of Volunteers, Veterans Hospital called our attention to Veteran's Day on May 7. For this special day we are furnishing five dozen cookies. Miss Miller is to speak at our next grange meeting, to tell us how we can help at the hospital as an individual or as a group.

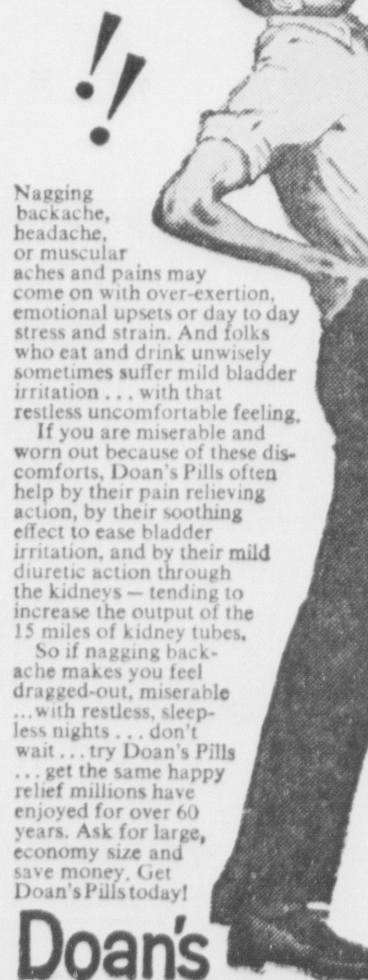

The Home Economics Chairman, Mrs. Galen Mowery reminded the members to be ready for the baking and sewing contest which will be held in the near future.

Those who are entering the Safety Highway Essay Contest must have their essays in by May 1.

The meeting closed with two sacred songs by Leslie Hines accompanied by Mrs. Hines on the accordion.

Refreshments were served by Mr. and Mrs. Forrest Hopkins and their committee.

Oh, my aching back

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation... with that restless uncomfortable feeling. If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes. So if nagging backache makes you feel dragged-out, miserable... with restless, sleepless nights... don't wait... try Doan's Pills... get the same happy relief millions have enjoyed for over 60 years. Ask for large, economy size and save money. Get Doan's Pills today!

Norwalk Company May Move Away

NORWALK, Ohio (AP) — Directors of the Fisher Norwalk Co. will decide at a meeting in Detroit April 25 whether to discontinue operations here.

This was announced today by C. A. Foos, plant manager for the firm which manufactures trim and floor covering for General Motors Corp. automobiles.

Foos said the company is unable to meet the competitive bids of other manufacturers because of the high labor costs. The plant local of the International Union, Allied Industrial Workers of America, has refused to make any concessions toward a lower pay rate, he added.

Union officials could not be reached.

A Remarkable Lady

PORT WASHINGTON, N. Y. (AP) — Little Lady has just given birth to her 91st offspring — something all the more remarkable in view of the fact that Little Lady is 13 years old.

She is a part Persian cat who has kept her mistress, Mrs. Katherine Winget, busy finding homes for the young ones. But Mrs. Winget doesn't mind because Little Lady is, as she says, a perfect lady, except twice a year.

Mr. and Mrs. Oliver Sheets of Harrisburg were Sunday afternoon guests of Mr. and Mrs. Ernest Sheets.

The Five Points WSCS will meet April 26th, at 2 p. m. in the home of Mrs. Marion Riley.

Linda and Laura Writsel of Orient were Saturday overnight guests of their grandparents, Mr.

Would-Be Rescuer's Body Found in River

HAMILTON, Ohio (AP)—A fisherman Tuesday found the body of James Combs, 25, of Hamilton, who drowned in the Miami River trying to rescue a youngster. Combs, father of two small children, drowned March 15 trying to save a 3-year-old who, with two others in a boat, had been pitched into the river when the craft went over a dam. Combs' body was found 30 miles downriver near Lawrenceburg, Ind.

and Mrs. Hayes Smith. Mr. and Mrs. Milo Writsel joined them on Sunday for dinner.

Young Ohio Farmer Eyes Jordan Job

WASHINGTON (AP)—An Ohio farm youth is considering going to Jordan this fall without waiting to join the Peace Corps. He says he may live in an adobe house there and be a poultryman.

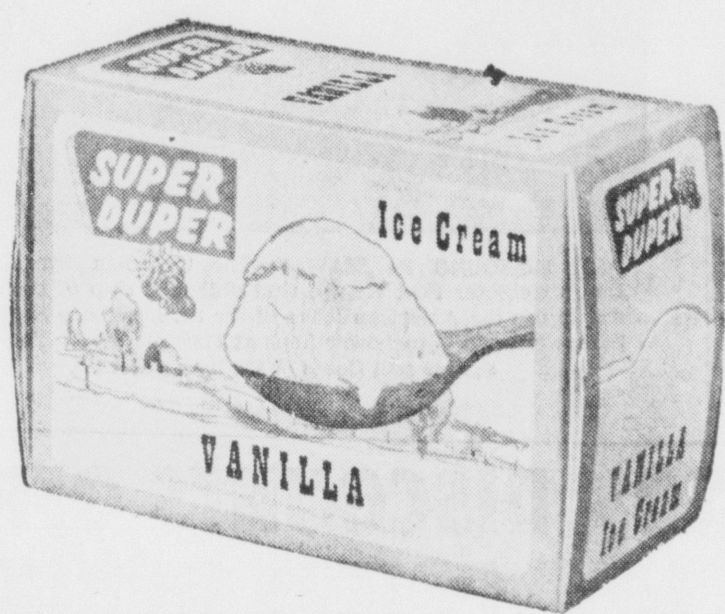

"I'm very sold on the Peace Corps," said Bernard Erven, 22, of McClure, Ohio. What he is considering, he added, would be the same kind of work.

Unlike most young people, Erven knows what Peace Corps work would be like. He has been working at an Arab orphanage in Jordan for five months, helping the

Arabs process poultry. He was there as a delegate of the International Farm Youth Exchange, an activity sponsored by the National 4-H Club Foundation. He says he may return this fall on his own for a regular job. Before he does that, though, Erven has something else important to do. He is getting married June 10 to Linda Gerken of Holgate, Ohio, a first grade teacher at Indian Hills Elementary School in Columbus. Another Ohioan just returned from a trip sponsored by National

4-H is Mary Lou Miller, 23, a graduate of Ohio State and the daughter of J. Dale Miller of Grande, Ohio. Miss Miller, who was in Colombia, stayed with, literally, 47 different families. She spent a great deal of her time at the various 4-H clubs, the Colombian equivalent of the 4-H clubs in this country. She is going to be married in June, too, to Richard Tenney, a teacher of vocational agriculture at Greenville (Ohio) High School.

Exploding Star Is Detected By Astronomers

By THE ASSOCIATED PRESS
Exploding stars, raindrops and the pulse of a volcano are topics of scientific news:
Cooked Worlds?

Astronomers recently detected two nova—two stars which suddenly exploded in glowing light and heat and other energy. A nova later subsides to its former faintness.

But the sudden, rapid expansion could well have burned or cooked any nearby planets and all their living things or "people." Whether this happened in the case of the two stars can only be a matter of speculation since no one can know if they ever had planets. The novae were detected by Drs. Jason J. Nassau and Charles B. Stephenson of Case Institute of Technology.

Ready to Blow
Taking the pulse of a volcano, experts predict that Kilauea volcano in Hawaii is building up to another major eruption.

It has been re-inflating itself with magma or molten material from deep in the earth. Another sign is swarms of tiny, shallow earthquakes similar to those preceding major eruptions in 1955 and 1960.

But the exact date for an eruption cannot be foretold, say scientists at the Geological Survey Hawaiian Volcano Observatory.

Biggest raindrops usually fall at the start of a storm. Winds are the main reason. The larger drops are less affected by winds, hence fall more vertically, while smaller drops are blown out of vertical path, explain Prof. A. Nelson Dingle and Kenneth R. Hardy, University of Michigan Meteorological Laboratory.

They add it takes about a million cloud droplets of average size to form one raindrop.

Watching color TV is usually easier on a person's eyes than a black and white screen, says the Vision Conservation Institute.

But color TV helps spot some eye troubles which might otherwise pass unnoticed. For example, far-sighted persons usually can see blues and greens more clearly than red colors, and a blurring or distortion while viewing red colors could signal the need for an eye examination.

Monroe Advisory Council Meets

Monroe Township Advisory Council No. 10 held its April meeting recently in the home of Mr. and Mrs. Elbee Jones.

The topic, "Ohio Highways" was presented and discussed by the group.

Refreshments were served to C. D. Hosler, Mr. and Mrs. Dale Stubbs and Linda Mark, Mr. and Mrs. Clark Dennis, Mr. and Mrs. Allen Follrod, Mr. and Mrs. Turley Sheets, Mr. and Mrs. Francis Furniss, Mr. and Mrs. Howard Tallman, and Mr. and Mrs. Herman Porter.

The next meeting will be May 10 in the home of Mr. and Mrs. Howard Tallman.

Slayer of Father Due For Reformatory Parole

COLUMBUS, Ohio (AP)—A 19-year-old Beachwood youth who killed his father and wounded his mother 14 months ago is due for parole from the reformatory at Mansfield May 17. Scott Forbush shot his father, Dallas H. Forbush, 57, an insurance executive, and wounded his mother, Marjorie, in their home Feb. 29, 1960.

The Ohio Pardon and Parole Commission Tuesday granted the parole to the youth, who has been undergoing psychiatric treatment. Forbush had pleaded guilty to manslaughter and was serving a 1-to-20 year sentence.

Navy Uses Deadly Devices To Battle Enemy Submarine

WASHINGTON (AP)—Radio-controlled drone helicopters armed with homing torpedoes. Search devices that can bounce a sub-seeking signal off the ocean floor. Missiles able to kill nuclear submarines at ranges up to about eight miles.

These are a few of the detection instruments and weapons, some with a lethal atomic punch which the Navy says it can use—or soon will have ready—if called on to repel the Communist world's 450-submarine force.

Rear Adm. Lloyd M. Mustin, head man in Navy Antisubmarine Warfare (ASW), claims U. S. antisub capability is very good. He says there are some new "dramatic" means, still cloaked in secrecy.

The admiral contends "the quality of this equipment is more than adequate" to deal with the greatly increased problem that will develop when the Soviets add a sizable number of nuclear craft to their already potent sub fleet powered by conventional fuels.

To prepare for that day, U. S.

Antisubmarine Warfare teams have been testing hunt-and-kill techniques against U. S. atomic subs.

As Mustin views it, the pressing need is to acquire a new ASW tools in quantity—"there is no substitute for numbers in antisubmarine warfare," he argues.

The Navy has an active fleet of 817 ships—the great bulk of them remaining from World War II—and more than 6,900 planes. Forty-five per cent of the ships and 14 per cent of the planes are primarily devoted to antisubmarine tasks.

The control ship of a hunter-killer task force is a carrier fitted with complicated electronic equipment enabling the commander to coordinate and direct the attack. The United States has 9 ASW carriers and 14 attack carriers that can be used for operations against subs.

Joining in the hunt are twin-engine carrier-borne tracker planes which can search thousands of square miles of open sea, watching for telltale signs of a snorkel poking above the waves or dropping sonar buoys to detect the sounds of subs running submerged.

Also brought into play are helicopters, often operating in teams of two. Navy experts say one chopper can locate a lurking sub by means of a sonar ball dipped through sound-distorting temperature variations in the water, while the other moves in with a depth charge or torpedo.

The real work horses are high-speed destroyers with long-range sonar and a variety of torpedoes and depth charges, some rocket-fired for greater range.

The Navy has high hopes for a new turbine-powered drone helicopter called Dash (for destroyer antisub helicopter). This small chopper can be sent out after a fix is obtained on a sub and ordered by radio to drop a pattern of torpedoes on the quarry. It can carry 1,000 pounds of payload. The first of this model are due to fly this summer.

Then there is ASROC, which is a four-part system including underwater sonar, an electronic fire control computer, an eight-missile launcher and the solid-fuel missiles themselves.

A total of 150 ships is due to be armed with ASROC systems within the next few years.

Another powerful weapon, still in development, is the SUBROC, a guided missile designed to be fired from torpedo tubes of a submerged submarine, or from the surface. It travels through the air to re-enter the water for the kill.

Now in use is the "Betty," an

airborne atomic depth charge with a kill potential up to several miles from the point of detonation. The Navy says it virtually can eliminate wolf pack concentrations of submarines, like those used by the Germans in World War II.

Navy Slated To Show Off To Kennedy

WASHINGTON (AP)—The Navy will flex its muscles this weekend for President Kennedy.

A variety of day and night activities will be carried out in exercises off Jacksonville, Fla., Saturday and Sunday, with Kennedy, an old Navy man himself, watching from the carrier Independence.

Kennedy will board the communications ship Northampton shortly before noon Saturday at Mayport, Fla., after flying down by jet plane from Washington.

The Northampton will then go to sea to join the Independence and Kennedy will be transferred to the big carrier by helicopter.

The President will leave the carrier Sunday after attending shipboard mass. He will fly by helicopter to a country club on shore for an afternoon of relaxation before flying back to Washington late in the day.

The maneuver area is many miles from the approaches to troubled Cuba.

Bomber Used To Aid Castro Is Shelled

MONTGOMERY, Ala. (AP)—A pre-World War II bomber which once ran guns to Fidel Castro was scheduled to continue today to what may be its final resting place—a museum.

A spokesman at Maxwell Air Force Base said the B18, the United States' standard bomber in 1939, was seized at Fort Lauderdale, Fla., in November, 1958.

U. S. government agents had learned that it had been used to fly arms to Castro, then near the end of his fight to overthrow the Batista government in Cuba. Federal courts awarded the twin-engine bomber to the Treasury Department, which gave it to the Air Force Museum at Wright-Patterson Air Force Base in Dayton, Ohio.

Judge Meyer Speaker for Brotherhood

JUDGE HARLEY MEYER

Harley Meyer, Hocking County Court of Common Pleas Judge, will be guest speaker at Thursday's Brotherhood meeting at Trinity Lutheran Church.

The meeting will start at 7 p. m. in the parish house. The public is invited.

Judge Meyer has been Hocking County Common Pleas Judge since 1946, with offices located at Logan. He is slated to base his talk on the three freedoms—Speech, Press and Religion.

The judge is a member of the Hocking County, Ohio State and American Bar Associations.

His civic affairs activity and work career lists him as a past president and secretary of the Logan Rotary Club, past master in the Grange, vice president of the American Lutheran Church, high school teacher and coach, prosecuting attorney, general law practitioner and Sunday School teacher.

Observatory Says Lights Too Bright

SAN JOSE, Calif. (AP)—Better lighting for downtown San Jose may be a bright idea but Dr. A. E. Whitford takes a dim view of it.

In a letter to the Downtown Merchants Association, Dr. Whitford—director of nearby Lick Observatory—explained that the proposal "would seriously hamper the effectiveness of the observatory's telescope."

The observatory, atop Mt. Hamilton, is about seven miles from this Northern California city.

Local Student Elected at ON

Roger Wolfe, son of Mr. and Mrs. Bernard Wolfe, 358 E. Mound St., was recently elected secretary of the Sigma Pi Fraternity at Ohio Northern University, Ada, O.

Wolfe, a sophomore in the College of Liberal Arts, is a member of the Student Education Association, the Physical Education Club and sports reporter for the school paper.

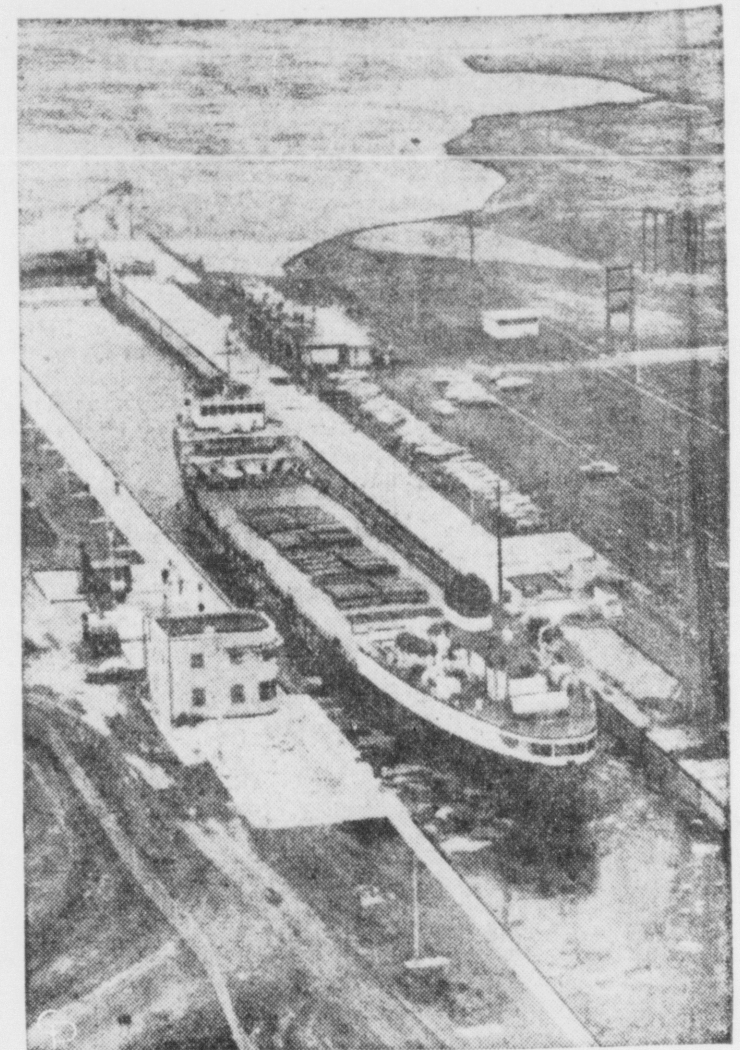

Dr. Hendricks Rotary Speaker

Dr. R. W. Hendricks, research supervisor of Circleville Mylar Research and Development Laboratory at DuPont, will be the speaker at the local Rotary Club Thursday noon luncheon meeting.

Dr. Hendricks' subject will be, "A Look at Tomorrow." The meeting will be at the BPO Elks Home, N. Court St.

1870 Methodist Church Is Destroyed by Fire

EATON, Ohio (AP)—The Brick Methodist Church of nearby Lewisburg, built in 1870, was destroyed by fire Tuesday, but firefighters saved the frame parsonage next door.

FIRST SEABOUND IN SEAWAY—The Canadian Steamship Line's freighter Port Henry, first seabound ship of the season to use the American locks of the St. Lawrence Seaway, passes through Eisenhower Lock at Massena, N. Y. You can see ice still floats in the lock waters.

Laurelville News
By Mrs. Ray Poling

Mr. and Mrs. Paul Moore are the parents of a daughter born Wednesday at Hocking Valley Hospital.

The Past Chiefs Club met April 6 at the home of Mrs. Charles Pritchard, with Mrs. Joe Robinett assisting.

The business meeting was conducted by the president, Mrs. Robinett. In the absence of the secretary, Mrs. Merwin McClelland read the minutes. Contests were won by Mrs. Joe Black and Mrs. Franklin Strous.

Refreshments were served. Others present were: Mrs. Winfred Dumm, Miss Anna Bowers, Mrs. Gerald Rose, Mrs. Ed Feherolf, Mrs. Raymond Hedges, Mrs. Don Kempton and Mrs. Robert West.

Mrs. Jim Weaver, Mrs. Forest Wolfe, Mrs. Tiffin McNeal, Mrs. Helen Lively, Miss Anna Bowers, Mrs. Merwin McClelland and Mrs. Gerald Rose attended the Pythian Sister Inspection at Ashville last Tuesday evening.

Eddie Boecher of Columbus spent the weekend with his grandparents, Mr. and Mrs. Clyde Boecher and Mr. and Mrs. Tiffin McNeal.

Mr. and Mrs. Ray Kerns of Chillicothe were last Sunday guests of Mr. and Mrs. Tiffin McNeal.

Mr. and Mrs. Billie Riddle and daughter entertained to a turkey dinner last Saturday evening for Mr. and Mrs. Tiffin McNeal in honor of the birthdays of Mr. McNeal and Mr. Riddle.

Mrs. Earl DeLong, Mrs. Elsie Armstrong and Mrs. Ray Poling attended the Pickaway County WCTU Institute at Salem Friday.

Mrs. Charles Pritchard, Mrs. Howard Thompson, Mrs. Loren Fogler and Mrs. Ray Poling attended the Gray Ladies orientation at Logan Monday.

Orval Gardner of California has been visiting relatives here. The past week he was the guests of Mr. and Mrs. Ralph McCollister and Mrs. Laura Whisler of Amanda.

Mr. and Mrs. Edgar DeLong, Mr. and Mrs. Don Bower, Mr. and Mrs. Robert DeLong, and Mr. and Mrs. Lloyd Whisler.

Mr. and Mrs. Ansel Tisdale, Mrs. Elizabeth Edwards, Mrs. George Reid and daughter, Janet, attended a family dinner at the home of Mr. and Mrs. Clayton Swackhammer of Somerset last Sunday.

Sunday dinner guests of Mrs. Daisy Strous were Dr. and Mrs. Joe Cloose of Somerset, their granddaughter of Columbus; Mr. and Mrs. Harry Boechert, and Mr. Bishop Karshner.

Mrs. Lessel Allen, Mrs. Damon Pontious and Mr. and Mrs. Robert Davis attended the funeral of Mrs. Roxy Drumm in Columbus on Friday.

Mrs. Lowell Karshner of near Rockbridge visited Sunday afternoon with her mother, Mrs. Elizabeth Edwards.

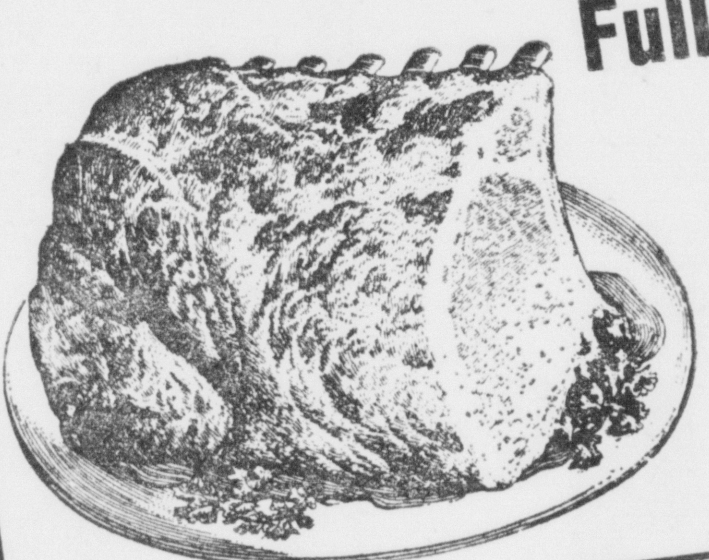

A Woman's Logic
PITTSBURGH (AP) — John F. Hanlon, assistant director of the Internal Revenue Service in Pittsburgh, is a little leary of housewives who pay withholding taxes for domestic help.

He said one day a woman appeared at the cashier's cage and plunked down \$20 — all in quarters. The cashier asked why she was paying all in quarters and the woman replied:

"I was told I was supposed to pay it quarterly."

Ohio Assembly

(Continued from Page 1)

In view of the number of bills to be considered in the House, it's planned to put off until Thursday a vote on three bills to boost penalties for gambling. The measures are aimed especially at the numbers racket and organized sports betting pools.

The lid imposed March 16 on introduction of new bills in the house was lifted briefly Tuesday to admit bill No. 1119. This calls for a \$6.25 million appropriation to replenish state poor relief funds and fill the gap between now and June 30, end of the two-year period for which the 1959 legislature had appropriated money.

Gov. DiSalle says the money ran out because of the unexpectedly severe economic downturn in Ohio and elsewhere. The bill was sent to the legislature more than five weeks ago by Finance Director James H. Maloon. It originally called for \$7.5 million, but the controlling board released \$1.25 million when the fund threatened to go dry earlier this month.

The House Finance Committee planned to begin hearings on the bill today.

In other action Tuesday the House passed and sent to the Senate bills to:

Regulate sale of drugs said to be too dangerous for self-administration, by licensing retailers and registering wholesalers.

Put secretary of state candidates in third position on the ballot and attorney general candidates sixth and last, restoring the order of the ballot before the Democrat-controlled 1959 legislature changed it to attorney general third and secretary of state fifth.

Provide a maximum fine of \$100 for putting posters on utility poles and other structures along highway right-of-way outside communities.

End the requirement that an appointed county commissioner must belong to the same political party as his predecessor.

Repeal obsolete laws dealing with admission of paying visitors to the penitentiary and permitting no officer except the warden to be a resident.

The House also completed passage of an emergency bill which lets municipalities finance multi-level parking garages from assessments on benefiting property nearby. Backers said that the clarification was needed before investment house would handle bonds issued to finance such municipal structures.

Mansfield, for example, is waiting for the governor's signature on the bill so that it can exercise options, expiring May 1, on land for a half-million dollar garage to handle 300 cars.

Among the bills passed by the Senate was a measure to increase the term of the state superintendent of banks, who heads a division in the Ohio Commerce Department, from two to four years.

Two more bills were introduced in the Senate, which observes no introduction deadline. They bring the total introduced in both houses this session to 1,658, about one in four of which will become law.

The World Today

WASHINGTON (AP) — President Kennedy's tough warning to Soviet Premier Khrushchev to keep hands off Cuba was the second time in 10 months an American president has done that, President Eisenhower did it last July.

But from the standpoint of opinion in some parts of the world, the United States is in the position of saying, don't do what I do but do as I say.

In 1958, when the government of her next-door neighbor, Iraq, was overthrown, Lebanon's President Chamoun asked this country for help to protect it against possible assault.

Eisenhower sent in Marines, even though Lebanon is just a hop-skip-and-jump from Russia. Now when Fidel Castro, in the American front yard, wants Russian help, the United States tells the Soviets to keep out.

While Lebanon wasn't invaded, Cuba has been—although Kennedy says Americans are taking no part in it.

Last July, long before Castro's government was invaded, Khrushchev not only pledged him full support against attack but threatened this country with rockets.

Eisenhower, in a warning just as tough as Kennedy's, told Khrushchev this country would "not be deterred" by Soviet threats from its pledges on allowing no foreign interference in the Western Hemisphere.

This country has a treaty with 20 other American republics to prevent any outside interference with any of them or outside action that endangers them.

Again this week, with Castro besieged, Khrushchev said, "We shall render the Cuban people and their government all necessary assistance in beating back the armed attack on Cuba."

He said the armed bands invading Cuba had been trained in this country.

Kennedy told him Tuesday night: "In the event of any military intervention by outside force we will immediately honor our obligations under the inter-American system to protect this hemisphere against external aggression."

Then Kennedy, who has been leaning over backwards to sound non-belligerent and get along with Khrushchev, belted him with this for extra: "What your government believes is its own business; what it does in the world is the world business."

The "inter-American system" to which Kennedy referred is the same one Eisenhower had in mind. Its roots go back 137 years in American history.

In a message to Congress Dec. 2, 1823, President James Monroe said North and South America are henceforth not to be considered as subjects for future colonization by any European powers.

This became known as the Monroe Doctrine. It kept European powers from moving into the Western Hemisphere after that. Thirteen years ago at Rio de Janeiro the American nations went one step further.

Instead of relying on the Monroe Doctrine alone — which put the burden of protection on the United States — they signed an agreement of "reciprocal assistance." Eventually 21 American republics signed.

Simply it pledged them to take mutual action against any attempt by an outside power which threatened the sovereignty of any of the 21 signers or otherwise endangered hemisphere peace.

If Russia did try to help Castro it is questionable whether all the signers of the treaty would join with the United States in any action it took against Soviet intervention in Cuba.

There has been a lot of demonstrating in Latin America these past few days over the invasion of Cuba. Cuba itself was a signatory to the treaty before Castro took over in 1959.

The Kennedy stand may be enough to discourage Khrushchev from any adventures on Castro's behalf. But, judging from the statement Khrushchev made Tuesday, it seems a good guess he'll now make trouble elsewhere.

In his message to Kennedy, promising Castro support, he said "we are sincerely interested in a relaxation of international tension, but if others aggravate it, we shall reply in full measure. And in general it is hardly possible to handle matters in such a way as to settle the situation and extinguish the conflagration in one area and kindle a new conflagration in another."

He undoubtedly was talking about Kennedy's efforts to get Russia to agree to a cease-fire in Laos. Just two days ago this country said Russia's ideas on a cease-fire don't go far enough.

Khrushchev has been stalling on the cease-fire while the Communist guerrillas in Laos try to gobble up more of the country. Now Khrushchev is likely to put the heat on Laos for fair, and maybe some place else, too.

Motor Scooter Driver Dies under Car Wheels
BELLEVUE, Ohio (AP) — Lon Francis, 17, was injured fatally under the wheels of an automobile after his motor scooter collided with a state highway patrolman's station wagon Tuesday night.

Police said the scooter struck the vehicle of Highway Patrolman Leo A. Pietro, who was preparing to make a turn at an intersection. Francis was thrown under a car driven by Bernard Klink, principal of the Ridge, McKim and Ellis Elementary schools. Lon, a senior, had been chosen to represent Bellevue High School in physics in the state final scholarship competition at Heidelberg College May 6.

Unionist Hails Firestone Pact

Wages, Conditions Tied to Agreement

CLEVELAND (AP)—A union official termed the precedent-setting Firestone Tire & Rubber Co. contract agreement "a progressive agreement that will promote stability and long-range improvement in labor relations."

The agreement, reached Tuesday, is the first in the industry to wrap up wages and working conditions in a two-year contract. Usually wages are negotiated separately under a reopener clause in the master contract.

Spokesmen for the United Rubber Workers union said their members found it "upsetting to be confronted by strike notices on both contracts" (master contract and wage agreement).

Firestone locals had voted strike authority to the negotiating committee before the old agreement expired last Saturday midnight.

The contract includes separate wage agreements for tire and non-tire production workers — also something new in industry bargaining.

And it includes special provisions relating to job protection where automation is involved.

It provides hourly pay increases of 14% cents for tire plant workers and 7½ cents hourly for workers in industrial products plants.

Some 16,000 employees are covered at tire plants in Akron, Des Moines, Los Angeles, Memphis and Pottstown, Pa., and industrial products plants at Fall River, Mass., and New Castle and Noblesville, Ind.

Average straight-time hourly earnings on a company-wide basis are given by the union as \$3.01.

Other provisions of the new agreement follow closely the pattern set by a Goodyear Tire & Rubber Co. agreement reached Saturday night. That agreement did not concern wages, and there had been no hint that wages were being discussed in the Firestone talks.

Settlements with the two companies, which led the industry in sales and earnings last year, are expected to set the pattern for talks covering some 124,000 URW members.

Rev. Little Evangelist At Nazarene

Rev. H. C. Little, Columbus, will conduct revival services at the Circleville Church of the Nazarene, April 23-30.

After serving 35 years as a pastor in the Church of the Nazarene, Rev. Little entered full-time evangelism in his denomination in 1952.

Rev. Little began preaching in his native state of Ohio as an evangelist in 1903. He then pastored at Toledo, Troy and at Iron-ton, where he served for 26 years and built the church from eighty members to nearly four hundred, with two other churches being organized in the city.

Evangelist Little is an outstanding holiness expositor, emphasizing the positive and negative aspects of this Wesleyan doctrine. Several of his articles on the subject have appeared in Nazarene periodicals, such as the "Herald of Holiness" and "Preacher's Magazine."

Rev. Little served as secretary of the Central Ohio District Advisory Board from the organization of the district until he entered the field of evangelism in 1952. He has been a delegate to the General Assembly of his denomination for the past six quadrennia.

12 Cincinnati Common Pleas Judges Requested

CINCINNATI (AP) — The 10 common pleas judges of Hamilton County want their number increased to 12, to cope with a flood of new cases accompanying increased population.

Two Members Installed by Kiwanians

Two men were officially recognized as new members of the Circleville Kiwanis Club during a regular meeting here Monday night.

Receiving the honors were Robert Wellington, 508 Springhollow Road, and W. A. (Tom) Downing, 223 N. Scioto St. Wellington is a Circleville teacher and Downing is an insurance agent.

Wellington was introduced for the installation by Wallace Higgins and Downing by Frank Marion.

President E. B. Bennett assigned Downing to the Underprivileged Children's Committee and Wellington to Park and House and Reception Committees.

DURING the meeting, Kenneth Harrison, representative for the Dale Carnegie Course being conducted here, presented President Bennett with a \$225 check for the club's sponsoring work in the present program.

Robert Wilson, Kiwanis secretary, commended the club for its fine attendance and prompt turn in of committee reports for last month.

Special entertainment for the evening was provided by the Circleville High School Girls' Quintette. The girls presented several songs.

Next week's program will deal with United States - Canada Week. A special Canadian speaker has been lined up by Dr. W. Lloyd Sproule.

17 Pinball Gadgets Grabbed in Cincy Raid

CINCINNATI (AP) — Cincinnati police covered 40 cafes in a two-hour series of raids on pinball machines Tuesday, but confiscated only 17 of the devices found with a federal \$250 gambling tax permit attached to them.

The raids were based on Internal Revenue Service records of those who bought the stamps. Police said attaching the stamp makes the machines illegal under city law, but that some machines had been changed and others did not bear the gambling tax stamp.

Stoutsville News By Mrs. A. B. Wynkoop

Mr. and Mrs. William Hoffman visited their son and family, Mr. and Mrs. William Hoffman Sunday at New Albany.

Mr. and Mrs. Ted Huston visited this week with their daughter and family in Indiana.

Giants Sign Aging Conerly To New Pact

NEW YORK (AP) — Charley Conerly, a gray-haired scrapper who has fought off a host of youthful challengers in the last several years, is ready for round 14 as the No. 1 quarterback of the New York Giants.

The dean of active National Football League players—he will be 40 two days after the season opens—ended rumors about his retirement Tuesday by signing for his 14th year of pro grid action with the Giants.

Terms of the one-year contract were not disclosed by President Jack Mara, who would only say Conerly was one of the NFL's highest-salaried stars. It is estimated the former University of Mississippi standout will receive \$25,000 to \$30,000.

As is his usual practice, Conerly told Mara as he agreed to terms: "I guess this will be my last time."

As is his usual practice, Conerly smiled and replied: "Yes, Charlie."

Conerly's career is equalled in longevity among active NFL players only by Green Bay's Emlen Tunnell, a former Giant teammate.

Only two players—Washington quarterback Sammy Baugh and Giants center Mel Hein had longer careers. Baugh played for 16 years, Hein for 15.

In 13 seasons, Conerly has passed for 166 touchdowns and completed 1,374 aerials for 18,854 yards—over 10 miles.

Broad Jump King Eyes Kansas Test

LAWRENCE, Kan. (AP) — Ralph Boston, Olympic champion and world record holder in the broad jump, heads a classy corps of field stars for the 36th Kansas Relays Friday and Saturday.

Boston, a lean Negro athlete from Tennessee A&I State, beat the oldest record in the world books — Jesse Owens' 26-8 in 1935—with a leap of 26-11 1/4 in a pre-Olympic meet in California last August. He took out Owens' 1936 Olympic mark at 26-7 1/2 in the world games.

The entry of Boston and four other Tennessee A&I thinclads was announced Saturday by Bill Easton, KU track coach and relays director. Boston is entered in the high jump, high hurdles and 400 and 880 relays.

CUBS BANK ON HIM - - - By Alan Maver

ERNE BANKS IS ONE SEGMENT OF THE MODERNIZED CHICAGO CUBS SETUP WHO CAN BE EXPECTED TO DO BUSINESS IN THE SAME OLD-FASHIONED WAY, NAMELY, PLAYING SHORTSTOP AND HITTING MORE HOMERS THAN ANY OTHER PLAYER HOLDING DOWN THAT POST.

WCH Matinee Slated Sunday

Arrangements have been completed for Sunday's Fayette County Harness Race Matinee at Washington C. H. Post time is 1:30 p. m. At least 26 trotters and pacers are being readied to make their first starts of the 1961 season. Eight dashes are on the card. A rain date has been set for April 30.

The annual Matinee is sponsored by the Fayette County Horsemen's Assn. John Sagar will be the presiding judge, with Dr. James McCoy, George (Bud) Naylor and A. B.

Top Hat Rolls High Team Scores

Top Hat Restaurant earned four points from Jerry's Bar in Monday Nite Late bowling at Circle D. Top Hat had high team game and high three games, rolling 954 and 2,811 respectively. High individual scores were Dick Alkire 201-558, Mike Martin 200-549, Jerry Wolford 527, Bill Deitrich 524, Gene Hoover 204, R. Alexander 206-500 and Bob Loy and Harry Turner 500.

Gordon the associate judges. Timers will be Heber Roe, Clyde Smith and Sam Paullins.

All proceeds will be used by the Horsemen's Assn. for improvements in the horse speed department at the Fayette Fairgrounds.

Olney Scores High In Summer League

Dave Olney's 253 single and 590 series showed the way for the Prairie Lanes team in Men's Summer league bowling here yesterday. Olney's performance set the pace for Prairie Lanes which came up with a high 947 single and a 2,671 series.

The standings:

	Point
Marshall Implement Co.	10
Prairie Lanes	8
One Hour Cleaners	8
Continental Rest.	8
Frosty Top	7 1/2
Teegardin Elevator	6 1/2
B. F. Goodrich	6
Archers Supply	5
Radcliff Cleaners	4
Nance Produce	4
Circleville Lumber Co.	3
Circleville Metal Works	2

Tribe Tries Again

CLEVELAND (AP)—Cleveland Indian officials expected 35,000 spectators today for the team's home opener.

Tuesday's scheduled game was called off several hours before game time because the Weather Bureau predicted there would be more rain on the already soggy grounds at Municipal Stadium.

Brown Pledges More Defenses

Lightweight King Whips British Foe

LONDON (AP) — Have crown, will travel, is lightweight champion Joe Brown's pledge today after whipping Dave Charnley in his record 10th title defense.

"I am ready to travel anywhere in the world to defend my crown," said the 35-year-old American with the elegant touch, who outpointed the British and European champion in 15 thrilling rounds before 18,000 at London's Earls Court Stadium Tuesday night.

Even two sets of swollen knuckles and the actions of spectators who jeered the decision couldn't dampen the spirits of the Baton Rouge, La., Negro, who may pocket as much as \$50,000 from the bout.

He'll go anywhere to fight, he said, and that might mean the Philippines, where he has an offer to defend against either Flash Elorde or Bert Somodi.

The decision touched off an outburst of booing by many in the hometown crowd. Brawling broke out in some parts of the hall. A bottle conked one fan on the head. Police escorted referee Tommy Little, the sole official, from the ring through a line of jeering fans.

Brows shrugged off the demonstration.

"Man, you got to expect this kind of thing when you're fighting away from home," he said. "After all, this isn't Houston."

Most observers agreed that Brown had all the class and deserved the decision after leaving the blood-soaked Charnley with nothing but his fighting heart.

Brown, who stopped Charnley on cuts in five rounds in their first title bout in Houston 16 months ago, opened a cut on the bridge of the Briton's nose in the first round that bled freely the rest of the way. He fought back gamely in the last four rounds but Brown stayed in control.

Houston Open Awaits Pro Golf Assault

HOUSTON, Tex. (AP)—A 3-under-par 277 would be a good bet for the winning score in the \$40,000 Houston Classic Golf Tournament.

Seven of the 14 previous titlists in the tournament that begins Thursday at Memorial Park have collected top money with 277s.

Robbie Williams, pro at the 7-122-yard municipal course, is among those picking a 277 to win, even though the old par 36-36-72 has been cut this year to 35-35-70.

Williams also says next Sunday's winner of the \$7,000 in top money probably will be Gary Player or Arnold Palmer, stars of the recent Masters tournament.

Palmer, the 1957 winner with a 279, has been installed as a 7-2 pre-tournament favorite. Player, who tied for fourth a year ago at 281, follows at 5-1.

Other odds: Ken Venturi and Billy Casper, 8-1; Ted Kroll, Dow Finsterwald, and Doug Sanders, 10-1; Bill Collins, the defending champion, Jack Burke Jr., Don January, Tommy Bolt and Mike Souchak, 12-1.

Dave Marr of Sun City, Ariz., shot a 5-under-par 65 at Memorial in the Porky Oliver pro-amateur Tuesday. All proceeds from the event went to Oliver, who has cancer.

Politics Hold Up AAU Cage Outfit

NEW YORK (AP)—Stopped before they could score a point, two talent-laden AAU basketball teams scheduled to leave for a three-week exhibition tour of Russia awaited word today on prospects for making the postponed trip.

The 31-member group, headed by two-time All-America Jerry Lucas of Ohio State, was notified Tuesday two hours before scheduled departure for the Soviet Union that the tour had been indefinitely postponed due to the outbreak of anti-American disturbances in Moscow.

Waterloo Wonders Books Available

The Circleville Booster Club has announced that the book "The Fabulous Waterloo Wonders" is on sale at three local firms.

Ralph Starkey, Booster president, said the books on the famous basketball team of the 1930's may be purchased at Ritter's Bus Station, Bingman Drugs and Rexall Drugs.

Starkey said a share of the purchase price will go to the Circleville High School Boosters for sponsoring the sales. He said more than 100 copies are on the book stands.

Bums Say Snider Injury Intentional

LOS ANGELES (AP) — Duke Snider will be out for a month with the first broken bone of his career, and the Dodgers are indignantly suggesting it might not have been an accident that disabled him.

Snider suffered a cracked bone above his right elbow Monday night when he was hit by a pitch from St. Louis right-hander Bob Gibson — just two innings after Snider tagged Gibson for a two-run homer.

Gibson denied any intent to hurt the veteran outfielder. But Dodger General Manager Buzzie Bavasi said in a telegram to National League President Warren Giles:

"For your information, Snider was hit with the first pitch thrown to him after he hit a home run.

A cow must produce 6,000 pounds or more milk annually just to pay for feed and overhead.

FAITH AND HOPE—Hope Goffstein (left), 3, and her sister Faith, 4, are dressed to root for their favorite baseball team—the Los Angeles Dodgers. The little cuties are daughters of Ben Goffstein, president of a Las Vegas, Nev., club.

SOUNDS GRATE—Here are two views of Goodyear's "world's biggest hi-fi set" at Litchfield Park, Ariz., which could play a recording so loud you could hear it in Phoenix 20 miles away. The \$1 million installation tests jet aircraft and missile parts for durability and shock resistance by using sound of 10,000 cycles per second and up. A part is suspended in a heavy chamber (above) and bombarded with sound from very loudspeakers (right). The speakers operate electrically and can produce high frequency sound of varying types and intensities which can actually mutilate a piece of metal. (Central Press)

Kennedy Asks Cabinet Post To Handle Urban Affairs

WASHINGTON (AP) — President Kennedy has asked Congress to create a new Department of Urban Affairs and Housing.

Kennedy said the secretary heading this department "will be in a position to present the nation's housing and metropolitan development needs to the Cabinet and will by virtue of his position provide the necessary leadership in coordinating the many federal programs in these fields."

The President made his request in a letter addressed to Vice President Lyndon B. Johnson, the Senate's presiding officer, and House Speaker Sam Rayburn, D-Tex., rather than in a formal message.

With his letter he sent a draft of a proposed bill.

Even before the letter reached the Capitol, Sen. Joseph S. Clark, D-Pa., had introduced a bill in the Senate.

Rep. Dante Fascell, D-Fla., said the President had asked him to be the chief sponsor of the

measure on the House side.

In his letter, Kennedy said two problems standing near the top of national priority lists are "preventing the appalling deterioration of many of our country's urban areas" and "insuring the availability of adequate housing for all segments of our population."

He noted that the country's urban areas currently contain 70 per cent of the population and that the figure is constantly growing.

Since the national housing agency was established in 1942, Kennedy said, the activities of the federal government in housing and in working with states and local communities in rebuilding urban areas and preventing their deterioration has increased steadily.

"The importance of this area of federal activity merits recognition by the establishment of the department of urban affairs and housing," Kennedy said.

ELECTRIC BRAIN RUNS IT—An eye-catcher at the fifth International Automobile Show in New York's Coliseum is this mockup of a Simca Fulgur, controlled by something called an electric brain. The driver feeds instructions into it. Power plant is electric, and the car is expected to do better than 90.

Purkey Shows Redleg Boss Old Pitchers Still Reliable

By THE ASSOCIATED PRESS

Bob Purkey apparently wasn't listening when Fred Hutchinson, the Cincinnati manager, declared at the season's start that the team's fate this year was in the hands of the young pitchers.

The veteran right-hander, who will be 31 in July, pitched his second straight victory Tuesday night, a 9-1 triumph over San Francisco, and boosted the Reds into first place in the National League.

It was Cincinnati's fourth success in six starts and Purkey's second complete game. The rest of the staff, which includes Jim O'Toole, Jay Hook, Jim Maloney and Joey Jay, all in their early 20s, have only one complete game among them.

The Reds own a half game lead over the St. Louis Cardinals, Giants and Pittsburgh Pirates, all tied for second. Los Angeles dropped

St. Louis out of a first-place tie with a 5-4 night victory over the Cardinals and Pittsburgh moved up by beating the Chicago Cubs 5-3 in the only game played in daylight. Rain washed out the Milwaukee-Philadelphia game with the Braves leading 3-1 at the end of an inning and a half.

Purkey, Cincinnati's leading pitcher last season with a 17-11 record, permitted the Giants only six hits and lost his bid for a shutout when Willie Mays led off the last of the seventh with his second home run of the season. Wally Post, Gene Freese and Gordon Coleman led a 10-hit attack on starter Billy Loe and two relievers. Post got a double and two singles, Freese drove in three runs with a pair of singles and Coleman clouted a three-run homer, his second of the campaign.

Home runs by Frank Howard, Wally Moon and Johnny Roseboro

accounted for the first four Dodgers runs but the last and winning tally, in the sixth, was unearned. Pitcher Roger Craig, who went 6-2-3 in innings and got the victory, opened the sixth with a single and moved to third when Bill White threw wild after fielding Maury Wills' sacrifice bunt. An infield out scored Craig.

Ken Boyer drove in two Cardinals runs with a pair of home runs. Stan Musial batted in the other two. Rookie left-hander Ron Perranoski preserved Craig's first triumph of the season, disposing of White with two out and the bases full in the eighth.

Perranoski retired the side in order in the ninth, fanning Boyer and Daryl Spencer, who drove in five runs on Monday. Al Ciolek Card starter, was charged with his second loss.

The Pirates scored twice in the seventh to snap a 3-3 tie against the Cubs. Dick Stuart, who had driven in a run in the fifth with a triple, knocked in what proved to be the winning run with a single. A squeeze bunt furnished the extra run. Southpaw Vinegar Bend Mizell, with the help of Elroy Face, was credited with the victory as Pittsburgh opened its home season before 30,781 at Forbes Field.

It's too early to call Washington's move to Minnesota another "Milwaukee miracle." A comparison, however, with Boston's move to Wisconsin in 1953 is interesting.

The transplanted Senators, now the Twins, are faring much better than the Braves did at a corresponding date eight years ago. No matter how they fare in Boston today, the transplanted Twins must go home to Minnesota Thursday with a winning record. In beating the Red Sox Tuesday 3-2, the Twins boosted their record to five victories in six starts and increased their first-place lead in the American League to a full game over the idle Cleveland Indians.

Rain, snow and cold weather wiped out the rest of the AL schedule.

Olympic Star Likes Acting

Mathias Determined To Gain Top Career

HOLLYWOOD (AP) — Bob Mathias is going after an acting career with the same determination with which he won two Olympic decathlon championships.

"I think I can act," he says resolutely. "Now I'm making progress at it. Producers used to ask that age-old question 'What have you done?' Now I can tell them I've had starring roles in four feature pictures and starred in a television series."

Bob is so confident of his acting future that he has quit his job with a big construction firm. He'll soon be seen in two films that may help determine his fate. One is "The Minotaur," which he made for an Italian company.

"It was a wild experience," said Bob. "I spoke my lines in English and everyone else spoke Italian. I didn't know Italian, so I had to study the English script to try to figure out when my cue would come."

Bob plays Theseus in the epic, which naturally made use of his physique. But he has no plans to muscle into the Steve Reeves realm.

"I'm not built that way," he said. "I've got the biceps, but they don't show."

Bob was signed to do another film in Italy with Rhonda Fleming. "But she got married to Jennings Lang and insisted that he take my role," Bob said. "It didn't bother me; I got paid for it."

He went on to Greece to make an American film, "It Started In Athens," about the first modern Olympic games. That pitted him against another famed figure, Jayne Mansfield. Which of them has the largest chest measurement?

"Mickey Hargitay," said the diplomatic Mathias.

Jury Finds Trio Guilty In Kidnaping

SAN DIEGO, Calif. (AP) — A jury has convicted three defendants and acquitted two others in the \$200,000 ransom kidnaping of sportsman Anthony Alessio.

Two others await sentencing in the case that began last Nov. 22, when Alessio was abducted at gunpoint in front of his San Diego home.

Convicted Monday night of kidnaping for ransom and conspiracy were Frank Marrone, 31, former Anchorage, Alaska, night club operator; Robert James Gorman, 30, ex-convict, of Monterey Park, Calif., and his wife, Ruby, 30.

They will be sentenced April 26. They face maximum sentences of life imprisonment.

Richard Clavesilla, 29, formerly employed by Marrone, and Marrone's wife, Selma Clark Marrone, 25, were acquitted.

The jury received the case last Thursday, after a six-week trial. Leroy T. Gavigan, 26, pleaded guilty before the trial to a charge of simple kidnaping.

Richard Lee Hoffman, 24, also pleaded guilty to the same charge, but after the case went to the jury.

Alessio, 41, odds-maker at the Agua Caliente, Mexico, racetrack, also is associated with six brothers in business enterprises in California, Mexico and Arizona.

Alessio testified that Gorman and Hoffman, holding guns at his head and stomach, seized him and drove away with him in the car. Marrone claimed that Alessio knew of the kidnap plans. He said they had made a deal, under which they were to split \$500,000 ransom. It was to be paid from race track funds and written off in taxes. Alessio denied this.

Springfield Firm Closed by Strike

SPRINGFIELD, Ohio (AP) — The Robertson Sign Co. was struck Tuesday, idling 225 employees.

Owen Girtin of Dayton, international representative of the United Steelworkers Union, said three major issues were involved.

Girtin said the company had made no offer toward contract improvements, that it offered no security, and that a weak seniority policy tended to eliminate seniority.

A high official of the company, which manufactures signs, vacuum bottles and related articles, declined comment.

U.S. Business Urged Make Africans Partners

CINCINNATI (AP)—Dr. L. G. Cowan, director of the African studies program at Columbia University, says he thinks Americans should send small business to Africa, using Africans as partners. He told a group of teachers Tuesday that Africans "would be able to understand and appreciate this form of free aid enterprise." He said American aid is often just a grant to a government and goes over the head of the average man.

At supercold temperatures, helium, normally a gas, becomes a liquid that oozes up the sides of its container in defiance of gravity.

Indian Show Slated at CHS

Local Couple To Be
Adopted into Tribe

A special program will be presented for Circleville city school students Thursday at the Circleville High School gymnasium.

Chief Split Cloud and his tribe of Iroquois Indians will present a program of expert bow, rifle, bull whip and pistol demonstrations and detailed explanations of ancient tribal customs and weapons.

The school activity, arranged by Superintendent George Hartman, will be presented for the high school and junior high students at 9:15 a. m. The public also is invited to this performance.

Elementary students throughout the city will see the program at 1 p. m.

A HIGHLIGHT of the program will be an actual ceremony in which a local couple will be adopted into the tribe.

Mr. and Mrs. Proctor Baughman, 929 S. Washington St., will become members of Chief Split Cloud's tribe at the 9:15 show.

According to Mrs. Baughman, she and her husband have been waiting eight years for the ceremony. She said the event will be notarized and approved by the US Department of the Interior.

Mrs. Baughman said she and her husband met Chief Split Cloud while they were "on the road" with the Mills Brothers Circus in the early 1950's. She was an aerialist and her husband was master of ceremonies for the circus.

The former Circus star, originally from England, said that George Barnes, local real estate broker, will be on hand to notarize the ceremony papers.

Stoutsville PTO Meets

The Amanda - Clearcreek PTO of the Stoutsville School met Monday evening in the school for the regular monthly meeting.

Mrs. William Downs opened the meeting, followed by the invocation by the Rev. Earl Bowser.

The first grade won the attendance banner for having the most parents present.

It was announced that the group would serve the Alumni Banquet May 20.

A DISCUSSION was held concerning the consolidation of the Amanda and Stoutsville parent-teacher groups. A vote was taken and it was decided to keep the two separate units.

A nominating committee will present a slate of officers at the May meeting to be voted on at that time. It was also announced that the May meeting would be an open house.

Hostesses for the next meeting will be Mrs. Corin Williamson, Mrs. Merle Ratcliff and Mrs. Jack Fausnaugh.

Highlighting the program was a talk and film discussion of the plastics industry by Don Meyers and Malcolm Russell, both of Lincoln Plastics, Circleville.

Entertainment was provided by Cathy LaRue, Roberta Miller and Theresa Drum who presented piano solos.

Refreshments were served by Mrs. Ralph Hampshire, Mrs. James Lovett, Mrs. Norman Mills, Mrs. Roy Wilson and Mrs. Hubert Cole.

Anti-Castro Units Under Pressure

(Continued from Page 1)

There were other indications that the outnumbered anti-Castro forces were under heavy pressure and there was no word of any nationwide uprising against the pro-Communist regime.

The rebel Cuban Revolutionary Council, in a communique Tuesday, said the "freedom fighters" were being attacked in the key Matanzas area by heavy Soviet-made tanks and MIG jet fighters. The communique admitted "sizeable" rebel losses of equipment and medical supplies.

Cuban exiles in Miami reported hearing in urgent broadcasts from inside Cuba claiming the invaders had captured an airport isolated Bayamo, a coast seaport in eastern Oriente Province.

The Cuban army radio reported the recapture of Mayari, a town of 5,000 on the north coast of Oriente indicating it had been in rebel hands.

The verbal war between the United States and the Soviet Union on the diplomatic front was more clear-cut.

Each power warned the other against intervention in the Cuban revolt and each openly took sides — Washington with the anti-Castro forces and Moscow with the Castro government.

President Kennedy bluntly told Premier Khrushchev that the United States would take action "in the event of any military intervention" by the Soviets in Cuba.

Kennedy snapped back a reply to the Soviet leader within 10 hours after Khrushchev had appealed to the President to stop the "aggression" against Cuba and warned Moscow would supply "all necessary assistance" to preserve Castro's pro-Communist regime.

The Soviet Union followed up Khrushchev's note by demanding in the United Nations that the world organization condemn the United States as an aggressor. Observers thought the General Assembly would settle for another resolution appealing to all nations to refrain from any action that might aggravate the situation.

Kennedy openly proclaimed American sympathy with the forces trying to overthrow Castro and declared "the United States can

take no action to stifle the spirit of liberty." The President repeated his earlier declaration that Americans were not involved in the Cuban invasion and would not become involved militarily.

Communist bloc governments and newspapers continued a propaganda barrage depicting the United States as the aggressor in Cuba. Such allies as President Gamal Abdel Nasser of the United Arab Republic joined in.

In Moscow, Asian, African and Latin-American students at Patrice Lumumba University staged a violent anti-American rally and got set to march on the U. S. Embassy again. Hundreds of Soviet soldiers and police guarded the embassy. It appeared that a demonstration more violent than Tuesday was imminent.

Pro-Castro sympathizers, with leftists and Communists in the forefront, whipped up fresh and violent anti-American demonstrations throughout South America.

Several hundred wrecked the Mexican-American Cultural Institute in Morelia, 170 miles west of Mexico City, and director Eugene Kenny said he had to run for his life.

A crowd of 25,000 demonstrated in Mexico City in that capital's biggest demonstration in years.

One person was killed and 18 injured as a mob of 1,500 ran wild through the streets of Caracas, capital of Venezuela. They broke windows in a Sears Roebuck store overturned cars and shouted death to President Romulo Betancourt, once Castro's close friend but now opposed to him.

National Guardsmen were summoned out in Panama to break up a mob that tried to march into the U. S. controlled Panama Canal Zone. Three persons were injured, including one man who fell off a balcony in the excitement.

Communists paraded Tuesday night in three Italian cities—Milan, Genoa and Turin. The Milan demonstration erupted into a fight when a group of Fascists pounced on 500 marching Communists in Cathedral Square. Police guarded the U. S. Embassy in Rome.

Red China announced it would "forever stand" by the Castro government but did not say what kind of support it might give.

New Officers Installed at VFW Post

New officers have been installed at Veterans of Foreign Wars Post 3331, 217 N. Court St.

Directing the recent installation was Charles Shepherd. Officers taking their posts were:

Merle Thomas, commander; Eugene Bozman Sr. vice commander; James Robinson, Jr. vice commander; Virgil Timmons, quartermaster; Oakley Warner, post advocate; Charles Jackson, chaplain; Stephen Self, surgeon;

A. W. Sherman, three-year trustee; Jack Young, one-year trustee; Charles Tomlinson, adjutant;

APPOINTED officers installed were Oakley Warner, officer of the day; James Fouch, service officer; John Sterling, guard; William Tomlinson, sentinel; John Justice, sergeant major; Lowell Ferguson, quartermaster sergeant; James T. Shea, post historian; John Justice, patriotic instructor; Ralph Altmeyer, legislative chairman; Virgil Timmons, color bearer;

William Tomlinson, flag bearer; Carl Edgington, community service chairman; Charles Tomlinson, poppy chairman; William Raymond, youth chairman; Vincent Reed, Americanism chairman; Charles Tomlinson, sports and athletics chairman; Donald Russell, conservation chairman; Charles Tomlinson, membership committee.

A buffet supper was served by members of the Ladies Auxiliary following the meeting.

Local Grocery Seeks Carryout Permit

Charles Isaac Jr., 456 Clinton St., has filed an application with the Ohio Department of Liquor Control for a permit to sell carryout beer and wine.

Isaac is the owner and operator of a grocery located at 426 Clinton St.

Before issuing or denying a permit, the department makes a thorough investigation into the legal qualifications of the applicant and premises.

If no major problems are encountered in the processing, it takes an average of 30 days to make a final disposition of an application.

GOOD NEWS — Dr. Leonid Sedov, one of the giants of Soviet space work and a member of the Soviet Academy of Science, appears very pleased in Boston as he listens to accounts of the first man in space.

Pleads for Change

TUCSON, Ariz. (AP) — Residents of Circle Drive have pleaded with the City Council to change the name of their street.

There also is an East Circle Drive and a West Circle Drive and this brought the following headaches:

Somebody on West Circle ordered groceries. They were delivered to a Circle family. I took a long argument with the store owner before the order was cancelled.

A resident of East Circle forgot to pay his water bill. The city shut off the water at a home on Circle.

Someone on East Circle ordered his paper stopped. A Circle home owner wen a week without the news.

New State Fair Setup Is Urged

COLUMBUS, Ohio (AP) — Passage of a bill creating an Expositions Commission to run the State Fair and fairgrounds has been recommended by the House Gov-

Springfield Factory Is Levelled by Blaze

SPRINGFIELD, Ohio (AP) — Fire roared through a one-story frame building of the Storm Window & Screen Manufacturing Co., four blocks east of the downtown area, Tuesday night. The flames were fed by quantities of lumber in the building. Officials said the loss of contents may run considerably higher than the \$5,000 damage to the building.

ernment Operations Committee. It provides for a 15 - member commission, appointed by the governor for six-year terms, and a full-time general manager who could hire three assistants. The top salary for the manager originally was set in the bill at \$18,000 annually, but amendments trimmed this to \$13,500.

The fair manager presently earns between \$8,600 and \$10,400.

If passed, the bill would not affect this summer's fair. There has been criticism because of the annual fair's losing money in recent years and because some feel the north Columbus fairgrounds is not fully utilized.

The battle over the future of the Ohio Scholarship Fund set up

by the 1959 legislature continues. As the result of a 5-5 tie vote, a bill by Sen. Ross Pepple, R-Allen, was not recommended out of the Senate Education Committee Tuesday night.

Another bill, by Sen. Ed Witmer, D-Stark, which would allow direct state appropriations into the scholarship fund, instead of on a one-three ratio to privately raised funds as of present, got the support of four witnesses at its first hearing. Opponents will be heard later.

Tempered glass is made by heating the glass until it begins to soften, then quickly cooling the surface. It has the strength of cast iron.
